Creating a new application

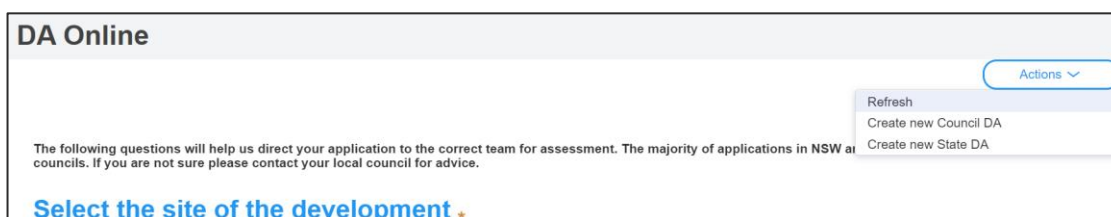

1. **Click New** and **select Development Application (New DA, Mod, Review)** to open the online Development Application form.

Note: The next few steps will help to direct your application to the right consent authority for assessment. If you know the consent authority for your application, you can choose the appropriate option from the Actions menu to start your development application. The majority of applications are assessed by local councils.

Council DAs are assessed by the local council of the site of development.

State DAs are assessed by the state government consent authority responsible for the selected site of development. E.g. Minister for Planning and Public Spaces

2. **Enter** the site of your development using the Address or Lot /Section number/Plan search functionality.

Repeat as required until all development sites are located.

Note: When you enter the address, it will be validated against the registered address database and any applicable planning rules. When selecting a registered address, a map will display on the right-hand side of the screen with site information.
