

Extraordinary Council Meeting

Business Paper

Notice is hereby given that an Extraordinary Council Meeting of Parkes Shire Council will be held in the Parkes Council Chamber, 2 Cecile Street, Parkes, on Tuesday 7 May 2024 at 4:30 PM.

Kent Boyd PSM
GENERAL MANAGER

Governing Body

Composition:	Ten (10) Councillors
Membership:	Councillor JP Cass, Councillor WP Jayet, Councillor KM McGrath, Councillor GS Wilson, Councillor KJ Keith OAM, Councillor GW Pratt, Councillor LA O'Leary and Councillor DR Weber
Quorum:	6 Councillors
Chairperson:	Chairperson - Councillor N Westcott
Deputy Chairperson:	Deputy Chairperson - Councillor MA Applebee

Pursuant to section 223 of the *Local Government Act 1993*, the role of Parkes Shire Council's governing body is:

- To direct and control the affairs of Parkes Shire Council in accordance with the *Local Government Act 1993*, in consultation with the General Manager.
- To provide effective civic leadership to the local community.
- To ensure as far as practicable the financial sustainability of the Council.
- To ensure as far as practicable that the Council acts in accordance with the principles set out in Chapter 3 of the *Local Government Act 1993* and other strategic plans, programs, strategies and policies of the Council.
- To determine and adopt a rating and revenue policy and Operational Plans that support the optimal allocation of the Council's resources to implement the strategic plans (including the Community Strategic Plan) of the Council and for the benefit of the local area.
- To keep under review the performance of the Council, including service delivery.
- To make decisions necessary for the proper exercise of the Council's regulatory functions.
- To determine the process for appointment of the General Manager by the Council and to monitor the General Manager's performance.
- To determine the senior staff positions within the organisation structure of the Council, following consultation with the General Manager.
- To consult regularly with community organisations and other key stakeholders and keep them informed of the Council's decisions and activities.
- To be responsible for ensuring that the Council acts honestly, efficiently and appropriately.

Matters determined by meetings of Parkes Shire Council's governing body will include all those non-delegable functions identified in section 377 of the *Local Government Act 1993*.

Council Chambers

Seating Plan

Guiding Principles

In accordance with section 8A of the *Local Government Act 1993*, Councillors are reminded of the guiding principles applicable to decision-making by local councils:

- Councils should recognise diverse local community needs and interests.
- Councils should consider social justice principles.
- Councils should consider the long-term and cumulative effects of actions on future generations.
- Councils should consider the principles of ecologically sustainable development.
- Council decision-making should be transparent and decision-makers are to be accountable for decisions and omissions.

Statement of Ethical Obligations

In accordance with clause 3.22 of Council's Code of Meeting Practice, Councillors are reminded of their Oath or Affirmation of Office made under section 233A of the Act and their obligations under Council's Code of Conduct to disclose and appropriately manage conflicts of interest.

Oath or Affirmation of Office

The Oath or Affirmation is taken by each Councillor whereby they swear or declare to undertake the duties of the office of Councillor in the best interests of the people of the Parkes Shire and Parkes Shire Council and that they will faithfully and impartially carry out the functions, powers, authorities and discretions vested in them under the *Local Government Act 1993* or any other Act to the best of their ability and judgment.

Conflicts of Interest

All Councillors must declare and manage any conflicts of interest they may have in matters being considered at Council meetings in accordance with the Council's Code of Conduct. All declarations of conflicts of interest and how the conflict of interest was managed will be recorded in the minutes of the meeting at which the declaration was made.

Councillors attending a meeting by audio-visual link must declare and manage any conflicts of interest they may have in matters being considered at the meeting in accordance with Council's Code of Conduct. Where a Councillor has declared a pecuniary or significant non-pecuniary conflict of interest in a matter being discussed at the meeting, the Councillor's audio-visual link to the meeting will be suspended or terminated for the time during which the matter is being considered or discussed by Council, or at any time during which Council is voting on the matter.

Councillors should ensure that they are familiar with Parts 4 and 5 of Council's Code of Conduct in relation to their obligations to declare and manage conflicts of interests.

1 OPENING OF MEETING

In the spirit of open, accessible and transparent government, meetings of Parkes Shire Council are video recorded and webcast, consistent with Council's Code of Meeting Practice and the *Local Government Act 1993*.

Council accepts no liability for any defamatory, discriminatory or offensive remarks or gestures made during the course of meetings. Opinions expressed or statements made by individual participants are the opinions or statements of those individuals, and do not imply any form of endorsement by Council.

Closed sessions of Council meetings are not video recorded or webcast.

Recordings and webcasts are protected by copyright and owned by Council, and published to Council's website. No part may be copied, recorded, reproduced or transmitted without the prior written consent of the General Manager. Any recording or webcast is not, and shall not, be taken to be an official record of Council or discussion depicted therein. Only the official minutes may be relied upon as an official record of the meeting.

Authorised media representatives are permitted to record meetings provided written notice has been lodged. A person may be expelled from a meeting for recording without notice. Recordings may only be used for the purpose of accuracy of reporting and are not for broadcast, or to be shared publicly. No recordings of any private third-party conversations or comments of anyone within the Chamber are permitted.

Please ensure that mobile phones and other electronic devices are turned off or are in silent mode for the duration of the meeting.

Under Council's Code of Meeting Practice, individuals acting in a disorderly manner can be asked by the Chairperson to leave the meeting.

2 ACKNOWLEDGEMENT OF COUNTRY

Parkes Shire Council acknowledges the Wiradjuri People who are the Traditional Custodians of the Land. We would also like to pay respect to the Elders past, present and emerging of the Wiradjuri Nation and extend that respect to other Aboriginal peoples from other nations who are present.

3 PRAYER

4 APOLOGIES AND APPLICATIONS FOR A LEAVE OF ABSENCE

In accordance with clauses 5.3, 5.4 and 5.5 of Council's Code of Meeting Practice, apologies must be received and accepted from absent Councillors and a leave of absence from the Council Meeting may be granted.

5 APPLICATIONS TO ATTEND BY AUDIO-VISUAL LINK

In accordance with clauses 5.18 and 5.19 of Council's Code of Meeting Practice, Councillors may attend and participate in meetings by audio-visual link with the approval of the Council.

Requests by Councillors for approval to attend a meeting by audio-visual link must be made in writing to the General Manager prior to the meeting in question and provide reasons why the Councillor will be presented from attending the meeting in person.

Councillors attending a meeting by audio-visual link are reminded that they must ensure that no other person is within sight or hearing of the meeting at any time that the meeting is closed to the public under section 10A of the *Local Government Act 1993*.

Note: Consistent with clause 5.43 of Council's Code of Meeting Practice, attendance by Council staff at meetings of the Council by audio-visual link shall be with the approval of the General Manager.

6 DISCLOSURES OF INTERESTS

In accordance with Part 16 of Council's Code of Meeting Practice, all Councillors must disclose and manage any conflicts of interest they may have in matters being considered at the meeting.

Council's Code of Conduct deals with pecuniary and non-pecuniary conflicts of interest and political donations, and provides guidance on how these issues should be managed.

Councillors, and where applicable, other Council Officials, must be familiar with Council's Code of Conduct and their obligations to disclose and manage any conflicts of interest that they may have in matters being considered at this Council Meeting.

Note: Councillors and staff who declare an Interest at the Council Meeting are also required to complete a Declaration of Interest form.

Obligations	
Pecuniary Interests	<p>A Councillor who has a pecuniary interest in any matter with which the Council is concerned, and who is present at a meeting of the Council at which the matter is being considered, must disclose the nature of the interest to the meeting.</p> <p>The Councillor must not be present at, or in sight of, the meeting:</p> <ul style="list-style-type: none">(a) At any time during which the matter is being considered or discussed, or(b) At any time during which the Council is voting on any question in relation to the matter.
Non-Pecuniary Conflicts of Interest	<p>A Councillor who has a non-pecuniary conflict of interest in a matter, must disclose the relevant private interest in relation to the matter fully and on each occasion on which the non-pecuniary conflict of interest arises in relation to the matter.</p>
Significant Non-Pecuniary Conflicts of Interest	<p>A Councillor who has a significant non-pecuniary conflict of interest in relation to a matter under consideration at a Council meeting, must manage the conflict of interest as if they had a pecuniary interest in the matter.</p>
Less than Significant Non-Pecuniary Interests	<p>A Councillor who determines that they have a non-pecuniary conflict of interest in a matter that is not significant and does not require further action, when disclosing the interest must also explain why conflict of interest is not significant and does not require further action in the circumstances.</p>

8 REPORTS OF THE DIRECTOR CUSTOMER, CORPORATE SERVICES AND ECONOMY

8.1 ENDORSEMENT OF THE DRAFT OPERATIONAL PLAN AND BUDGET 2024-25

IP&R Linkage: Pillar: Leadership

Goal: Our local government is sustainable and plans for the future.

Strategy: Provide clear long-term direction for the community through the development of the Integrated Planning and Reporting framework.

Author: Luke Nash, Financial Accountant

Authoriser: Kent Boyd PSM, General Manager

Annexures: A. Draft Operational Plan 2024-2025

RECOMMENDATION

That Council:

1. Endorse the placement of the draft Operational Plan 2024-25, appended at *Annexure 1*, on public exhibition for the statutory 28-day period and receive submissions from 8 May 2024 to 5 June 2024.
2. Receive a further report regarding the adoption of the draft Operational Plan 2024-25, including any submissions received, following conclusion of the public exhibition period.

BACKGROUND

Under the Integrated Planning and Reporting ("IP&R") provisions of the *Local Government Act 1993* ("the Act"), Council is required to develop and adopt an Operational Plan prior to the commencement of each financial year, detailing the activities and actions to be undertaken by Council during that year to achieve the Delivery Program commitments.

Council's Operational Plan must directly address the activities outlined in the Delivery Program and identify the services, projects, programs and events that the organisation will undertake in the financial year towards addressing these.

Council's Operational Plan must be prepared in accordance with the various requirements outlined in the IP&R Guidelines ("the Guidelines") prescribed under section 23A of the Act. The Guidelines can be accessed from the Office of Local Government's website.

ISSUES AND COMMENTARY

The draft Operational Plan 2024-2025 ("the draft Operational Plan") is appended at *Annexure A* and has been prepared to ensure compliance with the requirements set out in the Guidelines.

Consistent with the legislative requirements, the draft Operational Plan comprises the proposed:

1. Operational Plan,
2. Budget, and
3. Statement of Revenue Policy ("Revenue Policy").

Commentary on each component is detailed below:

Draft Operational Plan 2024-25

The draft Operational Plan details the services, projects, programs, and events that Council is proposing to undertake in 2024-25, in order to deliver on the various objectives outlined in the Delivery Program, which are in turned aligned with the four strategic outcomes in Council's Community Strategic Plan.

Each action programmed for delivery has a clear measure and target and has been assigned to a Council Officer for delivery. Progress on delivering each action will be reported to Council and the Parkes Shire community via quarterly progress reports.

Council is proposing to undertake 368 actions in 2024-25. Highlights include:

- Activation of Lake Endeavour under the NSW Government's Places to Swim program, which will include an inland beach, floating pontoon, power connection, waterless toilets, and compacting disposal bins.
- Major investment in Kelly Reserve that will see a public water play space and interactive signage installed that tells the story of the Lachlan catchment, including a provision for Wiradjuri language and culture to be celebrated.
- Continuation of the Lachlan River pipeline duplication and water security projects which will see the construction of pump stations and river water pre-treatment works.
- Upgrades for our rural communities under the NSW Government's Stronger Country Communities Fund, including at Burrawang Park in Bogan Gate, Berryman Park in Trundle, Memorial Park in Tullamore as well as upgrades to the Tullamore and Peak Hill pool facilities.
- Delivery of an ambitious Events and Festivals Program, comprising the 2024 Trundle ABBA Festival and 2025 Parkes Elvis Festival along with two *Sounds of Summer* live musical events at the Cooke Park Pavilion.
- Delivery of a rich arts and crafts program including exhibitions in the Coventry Room, activation of cultural spaces and inclusive activities and workshops in the Marramarra Makerspace.
- Development of a new Liveability Strategy and Economic Development Strategy to inform our efforts to grow both our community and economy.
- Finalising the Parkes Shire Signage and Wayfinding Strategy & Style Guide and implementing Stage 1 of signage works.

The draft Operational Plan is currently being professionally designed. As such, the version of the document provided to Council for endorsement will be styled differently to what is appended to this report.

Budget and Statement of Revenue Policy

Together, the Budget and Revenue Policy outline Council's expected income and expenditure for the 2024-25 year, including Council's proposed Schedule of Fees and Charges. In 2024-25, Council is expected to generate \$60.53 million in operational revenue, receive \$27.4 million in capital grants and contributions, invest \$54.95 million into capital works, and return an operating surplus of \$0.27 million from continuing operations at a consolidated level.

General Fund - Operational Budget

The draft operational budget within general fund is reflecting an operating deficit of (\$0.92m) for 2024-25. Continuing inflationary pressures on general fund operations and increasing depreciation expenses are major contributors towards the projected deficit result. The operating performance is negatively influenced through a reduction in funding, increased production costs and expanded scope for festival & events, including the Parkes Elvis Festival & Trundle ABBA Festival. In previous years, council has received significant event funding (circa \$300k) through funding programs which had alleviated financial pressure on the organisation. The 2024-25 operational plan also includes a

provision of \$0.17m for the conducting of the 2024 local government election. Employee costs are budgeted to grow only by \$0.14m, however, capitalised salaries are budgeted for \$4.6m which is an \$0.5m increase on the previous year. It is paramount that council achieves the capitalised salaries budget, else it will be recognised as an operational cost and will further impact the operating result.

Water Fund - Operational Budget

The draft operational budget within water fund is projecting an operating surplus of \$0.84m. Water access & user charges are proposed to increase by 5%. The proposed increase of 5% will add around \$3.08 per month to the typical residential water bill. The budget for water user charges and fees has been developed based on analysing residential consumption patterns over the last 3 years and using a consumption forecast from Northparkes Mines. Northparkes Mines has indicated that their water supply demand will decrease considerably as they use on-site water supply.

With significant capital works planned within the water fund, additional employee costs will be capitalised which reduces the operational cost impact to the fund. A detailed review of operating expenditure has been undertaken. The major increase is associated with the depreciation expense which follows the annual indexation of water fund assets.

It is vital that the financial performance of the water fund is closely monitored to ensure these budgeted results are achieved. With significant capital expenditure underway and more works planned to commence cash reserves will dip sharply over the next two years. This will require cost containment and careful management of the water fund operations.

Sewer Fund - Operational Budget

The draft operational budget within sewer fund is projecting an operating surplus of \$0.36m. Sewer access & user charges are proposed to increase by 10%. The proposed increase of 10% will add around \$5.92 per month to the typical residential sewer bill. The proposed increase of 10% is required to ensure the sewer fund has sufficient cash to repay a \$4m loan obligation in June 2026. This increase also will bring council's fees & charges in line with other councils across the region.

A detailed review of operating expenditure has been undertaken. The major increases are associated with employee costs and depreciation with a small offset achieved from a reduction in external services. Council must continue to focus on achieving an operating surplus and positive cashflow to ensure the sewer fund has sufficient cash reserves for future capital works once the loan obligation is fully repaid.

Capital Works

Council has budgeted for \$54.95m in consolidated capital works for the 2024-25 fiscal year. This total consists of \$27.4m in grant funding (state & federal government) & \$27.55m in council funds. The extensive capital works program will enable council to renew and upgrade existing infrastructure, develop council land for new housing developments, strengthen council's water security and improve road safety with several major transport related projects.

Public Exhibition

Consistent with the requirements outlined in the Guidelines, the draft Operational Plan must be publicly exhibit for at least 28 days, and any submissions received during the exhibition period received during that period must be considered by Council prior to adoption of the draft Operational Plan.

During this period, Council must ensure that a map showing those parts of the Parkes Shire local government area to which the various rates will apply (including each category and sub-category) is

available from its website at www.parkes.nsw.gov.au, and available for inspection at its Customer Service Centre.

LEGISLATIVE AND POLICY CONTEXT

[Local Government Act 1993, Section 405 - Operational Plan](#)

[Integrated Planning and Reporting Guidelines for Local Government in NSW \(Office of Local Government, September 2021\)](#)

FINANCIAL IMPLICATIONS

The financial implications of the draft Operational Plan are outlined in the report. Council must monitor expenditure levels across the organisation and ensure that cost containment is reinforced through all decision-making processes.

RISK IMPLICATIONS

Public exhibition of the draft Operational Plan, as recommended, ensures Council complies with its legislative requirements under section 405 of the Act.

COMMUNITY CONSULTATION

Consistent with the requirements outlined in the Guidelines, the draft Operational Plan must be publicly exhibit for at least 28 days, and any submissions received during the exhibition period received during that period must be considered by Council prior to adoption of the draft Operational Plan.

CONCLUSION

This report recommends that the draft Operational Plan be placed on public exhibition for the statutory 28-day period and receive submissions from 8 May 2024 to 5 June 2024, followed by a further report regarding the adoption of the draft Operational Plan, including any submissions received, be tabled at the Ordinary Council Meeting scheduled for 18 June 2024.

Acknowledgement of Country

Parkes Shire is the land of the Bogan River people, part of the Wiradjuri nation – the largest Aboriginal territory at the time of European settlement, encompassing the Central West slopes and plains.

Wiradjuri Country extends from Coonabarabran in the north, straddling the Great Dividing Range down to the Murray River and out to western NSW, encompassing around one fifth of NSW. The people of Wiradjuri Country are known as 'people of three rivers', due to the three rivers that border their lands: the Wambool (Macquarie River), Kalari (Lachlan River) and Murrumbidjeri (Murrumbidgee River).

In the spirit of reconciliation, Parkes Shire Council acknowledges the Wiradjuri people as the traditional custodians of the land and pays respect to Elders past, present and future and we extend our respect to all Indigenous Australians in Parkes Shire.

We recognise and respect their cultural heritage, beliefs and continuing connection with the land and rivers. We also recognise the resilience, strength and pride of the Wiradjuri community.

Message from the General Manager

Welcome to the 2024-25 Operational Plan and Budget, which details the specific projects, services, and programs that Parkes Shire Council will complete over the next 12 months. Working towards achieving our shared vision of building a vibrant, connected, and sustainable regional city.

The 2024-25 Operational Plan and Budget details how we will achieve the next stages of the Parkes Delivery Programs' objectives under the eleven functions, those being Commercial Enterprise, Council and Corporate, Economy and Activation, Emergency Services, Library, Cultural and Social Justice, Open Space and Recreation, Planning, Certification and Compliance, Sewerage, Transport and Drainage, Water Supply, and Waste Management.

I am incredibly proud of our community, the strength of our community has been so bright when coming together in times of crisis, supporting each other, and showing such strong resilience and courage to forge ahead. Water Security remains a continual priority across the Shire for clean drinking water, recycled water use, and the year saw the completion of the bore refurbishment program.

The Parkes Special Activation Precinct has and will continue to attract investment into our region, with further progression on the bypass. These developments present significant opportunities and challenges for the Parkes Shire, with that in mind there has been the development of the Liveability Strategy to assist to inform our efforts to grow both our community and our economy.

Our vibrant events and festivals calendar will continue to provide many new experiences, and there will be lots to see and do across the Shire. Highlights will include the Trundle Abba Festival and our Annual Elvis Parkes festival, as well as the continuation of live music events at the Cooke Park Pavilion and across the villages through the Summer Sounds events. We will continue to support and deliver civic events throughout the Parkes Shire, including Australia Day and Anzac Day celebrations.

We will also deliver rich arts and cultural programs through the Coventry Room and the inclusive activities and workshops in the Marramarra Makerspace.

This ambitious program of works would not be possible without the future-focused leadership and support of our elected officials, as well as the efforts of the Council's workforce, who continue to demonstrate an extraordinary commitment to delivering outstanding results for our customers and community.

Lastly, thank you to the community for their ongoing support and input, ensuring that the Parkes Shire all adds up to be a positive place to live, play and stay, work, and prosper.

A handwritten signature in black ink, appearing to read 'Kent Boyd', written over a white background.

General Manager

Our integrated planning and reporting framework

Integrated planning and reporting

The 2024-25 Operational Plan and Budget forms part of the Integrated Planning and Reporting ("IP&R") framework.

In 2009, a new IP&R framework was introduced across Local Government in New South Wales ("NSW"). Parkes Shire Council was one of the first Council's to embrace this large and wide-ranging reform in becoming what was termed a "Group One" Council. Participation within this grouping saw Parkes Shire Council fully adopt its IP&R documentation in the 2009-10 Council year.

Parkes Shire has continued to develop its approach whilst regularly reporting on its progress, culminating in the latest End of Term Report being tabled at the final meeting of the previous Council in November 2021.

Council has now prepared its new suite of IP&R documents. These documents are structured to demonstrate what the newly elected Council (elected in December 2021) will deliver in order to assist the community to achieve the aspirations set out in the Parkes Shire 2035+ Community Strategic Plan ("CSP").

The following diagram illustrates how the IP&R framework ensures that local strategic planning and reporting is informed, relevant and responsive to community needs.

Guiding principles

Quadruple Bottom Line

Social justice

Preparation of Parkes Shire 2035+ Delivery Program has been guided by the following social justice principles:

- **Equity:** there should be fairness in decision making, prioritising and allocation of resources, particularly for those in need
- **Access:** all people should have fair access to service, resources and opportunities to improve their quality of life
- **Participation:** everyone should be given genuine opportunities to participate in decisions which affect their lives
- **Rights:** equal rights should be established and promoted, with opportunities provided for all people from all backgrounds

The Quadruple Bottom Line (QBL) addresses social, environmental, economic, and civic leadership (governance) considerations. The QBL ensures a holistic balanced approach is applied to all aspects of the 2024-25 Operational Plan and Budget.

Social sustainability
Support cohesive, inclusive, and diverse dynamic communities.

Environmental sustainability
Protect the natural, social, cultural, and built heritage and decrease the consumption of resources.

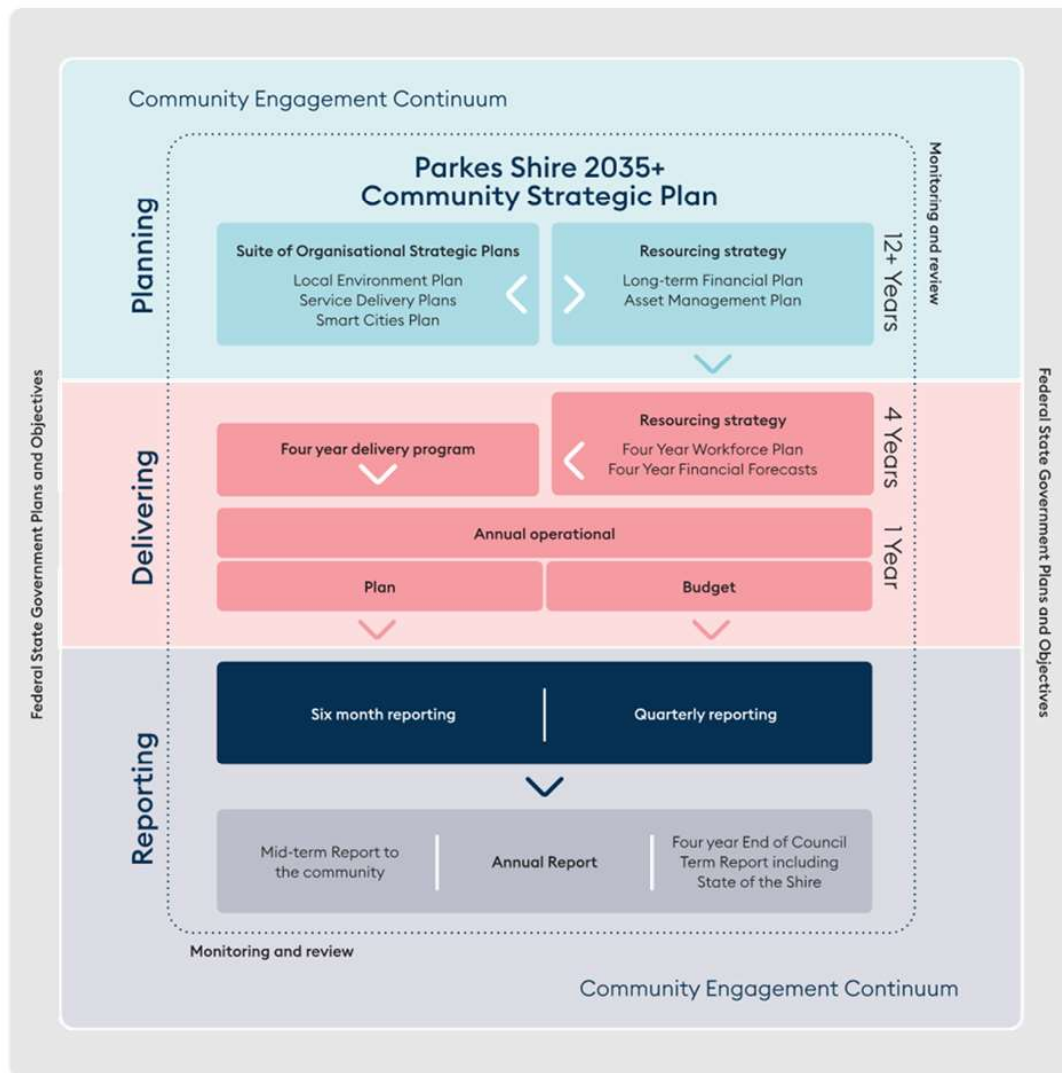

Economic sustainability
Maintain a strong and stable economy and ensure the delivery of services, facilities and infrastructure is financially sustainable.

Civic leadership
Transparency and accountability in decision-making.

Community engagement

Under Council's IP&R framework, community engagement is built into the process to ensure that the community is providing feedback, advice and direction to Council's activities.

The IP&R framework is underpinned by strong community engagement. Engagement with residents as well as businesses, state agencies and non-government organisations is essential to creating plans that truly represent the aspirations and needs of the local community.

Throughout 2021, Parkes Shire Council embarked in an extensive engagement process with our community to gain input and feedback to understand our community's local priorities for the years ahead, including services, programs and facilities.

A number, of priorities, were identified throughout this process and have assisted in the identification of capital projects that will be delivered over the Parkes Shire 2035+ Delivery Program.

The top twenty priorities are illustrated below.

Priorities	Occurrence	
Cycleways/Shared Paths		4.3%
Public Art		4.3%
Open Space/Reserves		4.0%
Heated Pool and Ancillary Services		3.7%
Housing/Land Availability		3.4%
Signage, Promotion and Marketing		3.4%
Kerb, Guttering and Footpaths		3.1%
Stormwater Drainage Improvements		3.1%
Community Gardens		2.8%
Public Amenities		2.8%
Passive Recreation – Lake/Lagoon Recreation Area		2.5%
Rural Roads Sealing		2.5%
Building and Halls		2.5%
Adventure Playground/Ninja Park		2.5%
Caravan/Camping/RV Parking		2.5%
Youth Activities and Mental Health		2.2%
Active Recreation – Pioneer Oval Grandstand		2.2%
Arts and Cultural Programs		1.9%
Active Recreation – Outdoor Gyms		1.9%

The capital projects that will be delivered as part of the 2024-25 Operational Plan and Budget form part of the priorities identified in the Parkes Shire 2035+ Delivery Program.

About the Parkes Shire

The Parkes Shire sits at the heart of Central West NSW, strategically located on the Newell Highway – Australia’s major inland touring route – and within five hours of Sydney and three hours of Canberra ACT.

Covering an area of 5,919 square kilometres and taking in some of the richest and most productive farming and grazing land in NSW, Parkes Shire is renowned for our stunning natural beauty and friendly and welcoming community.

Just over 14,453¹ people call Parkes Shire home, with more than two-thirds of our population living in the town of Parkes, which services as the administrative, commercial and services hub of the local government area. Villages are located at Peak Hill, Trundle, Tullamore, Alectown, Bogan Gate and Cookamidgera.

Just over 13 per cent of the Parkes Shire’s population identify as Aboriginal or Torres Strait Islander², significantly higher than the respective state and national averages of 3.4 per cent and 3.2 per cent. Parkes Shire is located on the lands of the Bogan River people of the Wiradjuri nation – the largest Aboriginal territory at the time of European settlement – and continues to be the home of many Wiradjuri people, as well as those from other nations.

Parkes Shire also supports the surrounding region with health and education services through Lachlan Health Service, Western TAFE and Country Universities Centre. Including as well various public and private schools, preschools and family day care services. Parkes Shire has modern health services, with a recently redeveloped hospital and strong network of local General Practitioners and is located within an hour’s drive of other major hospital and health service providers at Dubbo and Orange.

Parkes Shire boasts a strong, diverse economy, with a Gross Regional Product (“GRP”) of \$858 million in 2021³. Our economy is underpinned by the agriculture and mining industries and strengthened by the transport and logistics industries also including retail and public administration sectors. Just over 1,400 local business operate in Parkes Shire, with 6,526* residents – around 57 per cent of our population – in the workforce⁴.

The development of the Parkes Special Activation Precinct (“SAP”) – the first SAP in regional NSW – will support continued business development and employment growth in the Central West. Taking advantage of Parkes’ location on the Inland Rail and the Main Rail line, the Parkes SAP presents opportunities for value-add industries in the agricultural technology sector.

The Parkes Regional Airport is a major gateway to the Central West region, transporting 35,000 passengers annually through daily flights to Sydney. The development of the Parkes Airport Business Park provides potential for growth to support our strong, diverse economy through leveraging Parkes’ well-established national transport hub.

Our Council

Parkes Shire Council is constituted under the *Local Government Act 1993* and administers a local government area covering 5,958⁵ square kilometres.

We provide services, facilities and infrastructure to a permanent resident population of approximately 14,453⁶ people.

The Parkes Shire is bounded by Narromine Shire in the north, Cabonne Shire in the east, Forbes Shire in the south and Lachlan Shire in the west.

Our governing body comprises ten Councillors, and the day-to-day management of our organisation rests with our General Manager.

Our workforce is diverse, reflecting the varied nature of the work we undertaken and the services we provide. In 2024-25, our workforce comprised 256 full-time equivalent employees.

What we manage

2,111km road

56km footpath

1 airport

2 water treatment plants

4 sewerage treatment plants

733km water and sewer pipes

16 pump stations

2,000km roadside weed inspections

4 waste facilities

600+ weekly bin collections

4 libraries

30 emergency services buildings

4 medical housing amenities

6 cemeteries

5 community buildings

77 playgrounds and parks

4 swimming pools

25 sporting fields

4 skate parks

29 commercial properties

1 visitor information centre

Developing the 2024-25 Operational Plan

- [About this Plan](#)
- [How we plan and report](#)
- [Operational Plan and Budget](#)
- [Sustainable Development Goals](#)

About this Plan

The 2024-25 Operational Plan and Budget forms part of the Parkes Shire 2035+ Delivery Program. These plans outline the details of the Delivery Program – specifically the individual projects, actions and budget that will be undertaken in this year to achieve the commitments made in the Parkes 2035+ Delivery Program. Council reports on these measures on a three-monthly basis.

The projects, actions, and budget of year one of the Parkes 2035+ Delivery Program are split into eleven core functions of Council, with Principal Activities grouped within each. These functions include:

The Budget details how Council intends to fund these activities and includes provisions relating to the content of Council's Annual Statement of Revenue Policy.

This includes details of:

- Estimated income and expenditure.
- Ordinary rates and special rates.
- Proposed fees and charges.
- Council's proposed pricing methodology.
- Proposed borrowings.

The Operational Budget is reviewed and reported to Council within two months, after the end of each quarter (excluding the June quarter).

Core functions of Council

Commercial enterprise	<ul style="list-style-type: none"> • Central West Childcare Services • Caravan Parks • Rental and Leasing • Land Development and Sales 	Open space and recreation	<ul style="list-style-type: none"> • Parks and Gardens • Sports Fields • Open Space Facilities, Amenities and Public Toilets • Cemeteries • Swimming Pools • Wetlands Restoration

		Waste management	<ul style="list-style-type: none"> • Domestic Waste Management • Commercial Waste • Waste Education and Sustainability

How we plan and report

The following diagram illustrates how the Integrated Planning and Reporting (“IP&R”) framework ensures that local strategic planning and reporting is informed, relevant and responsive to community needs.

Community Strategic Plan

The Community Strategic Plan (“CSP”) is the highest-level plan that Council prepares through its IP&R framework. The purpose of the CSP is to identify the community’s main priorities and aspirations for the future and to plan strategies for achieving these goals. All other strategies developed as part of the IP&R framework relate to, and support, the CSP.

The CSP is the cornerstone of Parkes Shire Council’s IP&R framework, which brings together a suite of integrated strategic plans, that set out the vision for Parkes Shire including the goals, strategies and actions to achieve that vision.

Community Engagement Strategy

The Community Engagement Strategy (“CES”) outlines how Council engages with its community and relevant stakeholders to develop the CSP, as well as other plans, policies, programs and key activities to be undertaken.

Resourcing Strategy

The Resourcing Strategy consists of three components, which includes the Long-Term Financial Plan, Workforce Management Plan and the Asset Management Plan.

The Resourcing Strategy focuses in detail on matters that are the responsibility of Council, and considers, in general terms, matters that are the responsibility of others, being clear and transparent. Council presents the Resourcing Strategy to explain to the community how it intends to perform all its functions. Including implementing the strategies set out in the CSP for which it is responsible.

Delivery Program

All plans, projects, activities, and funding allocations made by Council over its term must be directly linked to the Delivery Program. Prepared by the incoming Council, the Delivery Program identifies the principal activities to be undertaken by Council’s governing body over its term to perform all its functions – including the strategies established by the CSP – using the resources identified in the Resourcing Strategy.

Operational Plan and Budget

Annual Operational Plans are supporting the Delivery Program. This outlines the details of the Delivery Program. The individual projects and actions that will be undertaken in that year to achieve the commitments made in the Delivery Program. The Operational Plan also includes Council's Budget for that financial year.

Reporting our progress

Reporting is the key element of the IP&R framework, utilizing the Community Strategic Plan ("CSP") and implementing the Delivery Program, we use a variety of tools to report our progress, in achieving, as well as our financial performance, against the annual and long-term budgets.

- **Annual Report:** The Annual Report details our progress in implementing the Delivery Program and the activities we have undertaken to deliver on the objectives of the CSP. Within five months of the end of each financial year, Council prepares an Annual Report, which includes a copy of our audited financial reports
- **State of the Shire Report:** Provides an update on our progress, in implementing the CSP over the Council term. As well as the results and the outcomes for our community. Tabled at the last meeting of the outgoing Council, the End of Term Report
- **State of the Environment Report:** This document reports on environmental issues, relevant to the objectives, for the environment established in the CSP. This is included in the Annual Report, in the year, in which an ordinary election is held
- **Delivery Program Progress Reports:** Every six months, Council prepares a report detailing our progress in achieving the principal activities detailed in the Delivery Program
- **Budget Review Statement:** The Budget Review, prepared by Council three times each year, presents references and estimates of income and expenditure. References supported in the statement of Councils revenue policy, each year, in the Operational Plan

Sustainable Development Goals

The United Nations Sustainable Development Goals (“SDG’s”) are a part of the UN 2030 Agenda, a framework that represents the challenges facing society and a blueprint for the future. Articulated in 2015, all 193 member countries of the UN signed on, to commit to the goals.

Parikes Shire Council has integrated the SDG's in the Parkes Shire 2035+ Delivery Program to:

- Drive transformation, particularly SDG 11, Sustainable Cities and Communities
- Use the SDG's as the integrated framework it was designed to be, and better integrate plans, strategies and reporting
- Align a diverse set of stakeholders in the interest of advocacy and collaboration project
- Engage employees and communities in the sustainable development agenda to raise public and widespread awareness

03

2024-25 Operational Plan

- Funding summary
- How will we measure our success?
- How to read this plan

Funding summary

The Parkes Shire 2035+ Delivery Program forms part of Council's IP&R framework and supports the implementation of the Parkes Shire 2035+ Community Strategic Plan, through outlining the principal activities to be undertaken by Council over its term to help realise the strategies established by the Community Strategic Plan, using the resources identified in the Resourcing Strategy.

Operational expenses \$60,249,244 Operational revenue \$60,525,051

Commercial enterprise

Operational expenses: \$2,823,620

Operational expenses depreciation

General Fund: \$12,198,668
Water Fund: \$4,631,267
Sewer Fund: \$1,522,385

How will we measure our success?

Reporting is a key element of the IP&R framework. We use a variety of tools to report our progress in achieving the Parkes Shire 2035+ Community Strategic Plan (“CSP”) and implementing the 2024-25 Operational Plan and Budget, as well as our financial performance against the annual and long-term budgets.

Annual Report:

The Annual Report details our progress in implementing the Delivery Program and the activities we have undertaken to deliver on the objectives of the CSP. Within 5 months of the end of each financial year, Council prepares an Annual Report, which includes a copy of our audited financial reports.

Delivery Program Progress Reports:

Every six months, Council prepares a report detailing our progress in achieving the principal activities detailed in the Delivery Program.

Budget Review Statement:

The Budget Review, prepared by Council three times each year, presents references and estimates of income and expenditure. References supported in the statement of Councils revenue policy, each year, in the Operational Plan.

How to read this plan

1. Overview

Overview of the Delivery Program Function including Principal Activities and services delivered by Council as part of this Function.

2. How this function links to the Community Strategic Plan (“CSP”)

These are the community's long-term aspirations of the Parkes Shire that are relevant to the Function. Council is responsible for implementing the strategies set out in the Parkes Shire 2035+ CSP as part of its commitment to the community to perform all its functions.

3. Outputs, measures and targets

Outputs – Goals to achieve, through the activities undertaken throughout the plan. Achieving these strategies set out in the Parkes Shire 2035+ CSP. They are reflective of the role Council will play.

Measures – The projects, processes, activities we will be completing and measuring and reviewing throughout the duration of the plan.

Targets – The tangible target we have set as an indicator of our measure to be achieved throughout the duration of the plan.

CE1 Central West Childcare Services

We will provide quality care for families within the Shire through the provision of varied early childhood settings.

How this function links to the Community Strategic Plan

Community	Outcome	Measure	Child. Leadership
	2.A1	Provide quality preschool, family day care, afterschool care and out-of-school holiday care through Central West Childcare Services	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible	
CE1 Council is committed to allocating, facilitating, and providing quality care for the community through the provision of Family Day Care (in-home services)	CE1.1	Approved provider of Central West Family Day Care	Maintained	Central West Childcare Services Coordinator
	CE1.2	Actively maintain Educator to Student Ratio to manage Family Day Care waitlist	40:100 ratio	
	CE1.3	Number of play groups per year	34 per year	
	CE1.4	Actively engage with the community and current educators to reduce the number of children on the Family Day Care waitlist	4 engagement opportunities in 2023-24	
CE2 Council is committed to allocating, facilitating, and providing quality care for the community through the provision of Bungalos to Preschool children aged 3-5 services	CE2.1	Maintain a service that provides continuity of neighbours approval	Maintained	Central West Childcare Services Coordinator
	CE2.2	Number of pre-schools within the shire	30 per day	
	CE2.3	Number of transport services facilitated through Central West Childcare Services	450 transport services facilitated per term	
	CE2.4	Actively maintain Educator to Student Ratio to manage Bungalos to Preschool waitlist	maintain 2:30:1 ratio	

4. Financial projections for operational activities

The Financial Projections for Operational Activities details the income (including capital grants), expenditure (operating expenses), and operating result of the Principal Activities in the 2024-25 Operational Plan.

5. Capital projects

The capital projects identified for delivery in the 2024-25 Operational Plan have been grouped by Function, Principal Activity and Township/ Location. These projects are either construction of new assets, or upgrades and/or renewals of existing assets, and have been identified through planning and consultation with the community.

6. Proposed future works

Unfunded projects have been identified through community engagement, masterplans, and internal identification. These projects have been included in the 2024-25 Operational Plan to act as an easily accessible list of projects for future grant funding opportunities.

The unfunded projects will be delivered, as the delivery is reliant on availability of internal funds and the provision of external funds. It is important that the community understand that there is no commitment from Council.

7. Sustainable Development Goals

The United Nations Sustainable Development Goals ("SDG's") are a part of the UN 2030 Agenda, a framework that represents the challenges facing society and a blueprint for the future. Articulated in 2015, all 193 member countries of the UN signed on to commit to the goals.

Parkes Shire Council has integrated the SDG's into the 2024-25 Operational Plan to:

- Drive transformation, particularly SDG's 11, Sustainable Cities and communities.
- Integrate, using the SDG's as the integrated framework it was designed to be, and better integrate plans, strategies and reporting.
- Align a diverse set of stakeholders in the interest of advocacy and collaboration project.
- Engage employees and communities in the sustainable development agenda to raise public and widespread awareness.

04

Commercial enterprise

30 places per day through Central West Childcare Services

One Council operated caravan park

72 commercial leases and licences in place

Facilitation of land development and sales

Overview

Council undertakes these activities as it recognises, they provide important outcomes for the community that may not occur if Council wasn't involved, and the community need was simply filled by private sector providers.

Council aims to undertake these activities on a commercial basis therefore, over-time these activities become self-funding and do not require general rates to subsidise the activities. As these activities become self-funding, enough revenue is generated for 'day-to-day' and long-term costs to be covered by the activities themselves

CE1 Central West Childcare Services

We will provide quality care for families within the Shire through the provision of varied early childhood settings.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	2.4.1 Provide quality preschool, family day care, out of hours care and school holiday care through Central West Childcare Services		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible	
CE1.1 Council is committed to advocating, facilitating, and providing quality care for the community through the provision of Family Day Care (in-home) services	CE1.1.1	Approved provider of Central West Family Day Care	Maintained	Central West Childcare Services Coordinator
	CE1.1.2	Actively maintain Educator to Student Ratio to manage Family Day Care waitlist	40:160 ratio	
	CE1.1.3	Number of play groups per year	24 per year	
	CE1.1.4	Actively engage with the community and current educators to reduce the number of children on the Family Day Care waitlist	Four engagement opportunities in 2024-25	
	CE1.1.5	Increase the number of Family Day Care educators throughout the Villages and small towns within the Parkes Shire	Two educators recruited for Villages and small towns	
CE1.2 Council is committed to advocating, facilitating, and providing quality care for the community through the provision of Bangala-la Preschool (children aged 3+) services	CE1.2.1	Maintain a service that provides continuity of regulatory approval	Maintained	Central West Childcare Services Coordinator
	CE1.2.2	Number of pre-schoolers within the setting	30 per day	
	CE1.2.3	Number of transport services facilitated through Central West Childcare Services	400 transport services facilitated per term	
	CE1.2.4	Actively maintain Educator to Student Ratio to manage Bangala-la Preschool waitlist	Maintain 2:30 ratio	

CE2 Caravan Parks

We will implement appropriate processes to ensure Spicer Caravan Park is maintained and developed in accordance with the growing needs of tourists entering the Shire.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	1.2 Promote Parkes Shire as a tourist destination and support the continued growth of our visitor economy		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
CE2.1 Encourage the Shire's visitor economy through the continued provision of Park operations	CE2.1.1 Number of visitors per annum	Maintain	Manager Facilities
	CE2.1.2 Average weekly occupancy rates	Maintain	
	CE2.1.3 Monitor feedback received by Spicer Caravan Park Management	Monthly report provided	
CE2.2 Continue encouraging the utilisation of Spicer Caravan Park through regular maintenance activities	CE2.2.1 Action a response to customer requests within 10-days	100% of requests responded to within 10-days	Manager Facilities

CE3 Rental and Leasing

We will develop and utilise suitable frameworks to ensure Council operated rentals are aligned with market expectations.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.2.2 Provide vibrant and welcoming town centres, streetscapes, public spaces and meeting places			

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
CE3.1 Develop and utilise frameworks to ensure Council-operated rentals are aligned with market expectations	CE3.1.1 Occupancy rates of commercial buildings/properties provided rental at market rates with subsidies supported	90% or increasing	Manager Facilities
	CE3.1.2 Issue formal lease or licence agreements for community groups without a formal agreement in place	Formal agreements in place	Manager Facilities

CE4 Land Development and Sales

We will zone, develop, and promote suitable land to ensure the community has access to appropriate spaces.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.2.2 Direct new housing growth to appropriate locations where demand is forecast	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
CE4.1 Development and sale of land to provide opportunities for local business to generate income and revenue and increase economic prosperity	CE4.1.1 Blocks developed conceptually to encourage industry and economic growth	Blocks meet community demand	Director Operations

Financial projections for operational activities

Principal Activities	Operating Income (\$)	Operating Expenses (\$)	Operating Result before Capital Grants (\$)
Caravan Park	616,591	338,767	277,824
Central West Childcare Services	2,703,083	2,484,853	218,230
Rental and Leasing	0	0	0
Land Development and Sales	2,100,000	0	2,100,00
Total	5,419,674	2,823,620	2,596,054

Capital projects

Principal Activities	Capital Project	2024-25 (\$)
Land Development and Sales	Residential Housing Development Stage 1 – Rose Street, Parkes (<i>partially grant funded</i>)	3,718,458
	Langlands/Hanlon Street Industrial Subdivision	2,112,500
	Harrowvale Land Development - Purchase (loan) and concept development	100,000
	Health precinct (survey for acquisition & purchase of community forest)	300,000
	Phoenix Street Lot 17 DP 567547	400,000
	Hazelbank Land Development (Webb Street)	193,000
	Middleton Residential Subdivision	438,800
Total Capital Expenditure		7,262,758

Proposed future works

There is no commitment from Council, that proposed future works will be delivered, as they are reliant on availability of internal funds and the provision of external funds.

Principal Activities	Township / Location	Proposed Future Works	Method of Identification
Caravan Park	Parkes	Spicer Caravan Park – Earthworks	Internal
		Spicer Caravan Park – Playground Upgrade	2021 Community Engagement
Land Development and Sales	Parkes	Fisher Street Subdivision and Land Release	Middleton Masterplan
		Old Parkes Hospital Subdivision	Internal
		Dalton Street Land Redevelopment	Internal

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between organisational functions, principal activities, and Sustainable Development Goals. Within the Commercial Enterprise function, Councils primary role is to control Sustainable Cities whilst its primary capability is to influence Industry, Innovation and Infrastructure and quality education.

05

Council and Corporate

206 Council buildings

257 full-time equivalent ("FTE") staff

1,290 devices managed

\$60.5M turnover

368 customer requests received monthly

164 fleet and depot assets managed

Nine internal audits conducted in five years

Overview

The corporate function supports Council's delivery of efficient and effective services to the community. Regular monitoring and adjustments must be made to ensure Council can adapt to the changing needs of the organisation and community.

The Council function covers the operation of Council itself as an organisation. The governing body of elected Councillors utilise community engagement and staff advice to set the strategic direction. Resources are then allocated to achieve objectives and Councillors are ultimately accountable to the community for the outcomes Council's organisation delivers.

CCI Information Communication and Technology

We will utilise appropriate Information Communication and Technology (“ICT”) systems to support efficient and effective operations in accordance with the ICT Strategic Plan.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	2.2.3: Identify and implement improvements to Parkes Shire Council's services, facilities and operations to utilise new technology and reduce emissions		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
CCI.1 Implement and optimise ICT processes	CCI.1.1 Implementing the actions from the review of the ICT Strategic Plan	Plan reviewed by 30 June 2025	Business Systems and Technology Specialist
CCI.2 Maximise mobility of access to corporate systems	CCI.2.1 Provide staff and contractors with access to the resources they need to work from anywhere through the mobile devices and laptop replacement program	Program delivered	Business Systems and Technology Specialist
	CCI.2.2 Migrate Financials and Supply Chain Management products from Ci to CiAnywhere	Migration of products	
	CCI.2.3 Commence migration of Property and Rating and Regulatory products from Ci to CiAnywhere	Migration commenced	
CCI.3 Ensure an effective cyber security framework with robust risk controls is in place	CCI.3.1 Complete the Cyber Security audit actions	By 30 June 2025	Business Systems and Technology Specialist
	CCI.3.2 Achieve Maturity Level One in line with the Australian Cyber Security Centre's Essential Eight Maturity Model	Achieve Maturity Level One	
	CCI.3.3 Implement regular Cyber Security Awareness Training for all staff	100% by 30 June 2025	
	CCI.3.4 Implement regular Cyber Security Health Checks across Council owned assets	100% by 30 June 2025	

CC2 Governance and Strategy

We will use appropriate governance and strategic frameworks to manage risk. Provide assurance that legislative and other requirements can be met and to provide clear strategic direction for Council's activities.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.1.4 Provide effective regulatory, compliance and enforcement services			4.2.1 Provide clear long-term direction for the community through the development of the IP&R framework 4.2.3 Develop and implement an asset management framework that ensures existing and future infrastructure is affordable, funded and maintained to ensure inter-generational equity 4.3.3 Ensure compliance with statutory requirements and ensure Parkes Shire Council's operations are supported by good corporate governance and effective risk management

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
CC2.1 Continually develop and implement Council's Governance Framework	CC2.1.1 Facilitate the effective operation of Council's Audit, Risk and Improvement Committee	Four meetings held by 30 June 2025	Manager Governance, Risk and Corporate Performance

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between organisational functions, principal activities, and Sustainable Development Goals. Within the Council and Corporate Function Council performs activities that largely control and influence the Shires ability to reach the Sustainable development goals of Peace, Justice and Strong Institutions and Decent Work and Economic Growth.

Economy and activation

\$68.4M Grant funding secured since 2016

\$13M generated per annum from Parkes Elvis Festival

\$66M visitor economy

Overview

Council performs activities to ensure the Parkes Shire is home to a diverse, thriving economy which supports traditional and new industries, accommodates continued population growth, and provides quality employment, education and training opportunities. Council performs four principal activities to ensure the Shire's economy can continue to grow, these being Economic Development, Grants, Events and Festivals and Tourism and Destination Marketing.

Council recognises the potential commercial benefit that activities within this function can deliver to the community and the inability for private sector providers to lead these services and opportunities. As a result, Council fulfils the responsibility of these activities for the Shire when possible. There is also potential for these activities to provide a commercial benefit to the Council through continued investment within the local economy. Council aims for these functions to be as self-sufficient as possible over time, enabling both operational and long-term costs to be largely generated by the activities themselves.

EE1 Economic Development

We will provide support to businesses through the facilitation of various business support, growth and investment opportunities.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	<p>2.1.3: Support local agriculture, tourism, and retail sectors by promoting diversification, value-adding and capacity building</p> <p>2.2.2: Develop Parkes Shire's smart economy to provide new opportunities for local business, generate new revenue and increase economic prosperity</p> <p>2.4.4: Support industry in attracting skilled professionals</p>

	Parkes	Free camping at Beargamil Dam	2021 Community Engagement
		Provide/develop free RV camp area	2021 Community Engagement
	Bogan Gate	Finalise overnight carpark project	2021 Community Engagement
	Alectown	Activate Primitive campground at the Alectown Recreation Ground	2021 Community Engagement

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within Parkes Shire and across the world. The scope of influence that Council holds varies between organisational functions, principal activities and Sustainable Development Goals. Within the Economy and Engagement Function, Council has the capacity to control and influence the Shires ability in meeting the goals of Decent Work and Economic Growth, Industry, Innovation and Infrastructure and Sustainable Cities and Communities.

07

Emergency services

Management of 30 emergency services buildings

Service of vehicles and Hazard reduction / slashing services.

Payment of \$635k for Emergency Services Levy

Provision of facilities for State Emergency Services

Overview

To ensure urgent action can be taken when required, Council provides continued support for emergency services within the Shire. Council provides various forms of support to the Rural Fire Service, NSW Fire Brigades, State Emergency Services, and the Local Emergency Management Committee. Through the provision of funding, compensation, facilities and support in other capacities, these organisations continue to provide emergency responses to members of the community when needed.

EMI Emergency Services Support

We will provide appropriate support for emergency service providers, ensuring their ongoing involvement within the community remains, to ensure urgent action can be taken when required.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.1.4 Provide effective regulatory, compliance and enforcement services			4.1.1 Effectively collaborate, engage, and communicate with our community to inform decision making and promote services, projects and initiatives

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible	
EMI.1 Local Emergency Management Committee	EMI.1.1 Number of local Emergency Management Committee meetings attended	Four per year	Director Infrastructure and Strategic Futures	
	EMI.1.2 Local Emergency Operations Centre maintained in a state of readiness	Maintained

Total	129,500	763,226	(633,766)

Capital projects

There are no Capital projects during 2024-25

Principal Activities	Capital Project	2024-25 (\$)
Total Capital Expenditure		

Proposed future works

There is no commitment from Council that proposed future works will be delivered as they are reliant on availability of internal funds and the provision of external funds.

Principal Activities	Township / Location	Proposed Future Works	Method of Identification
Emergency Services Support	Parkes	Provision of land for State Emergency Services*	Member for Orange, Mr Phil Donato MP

*This proposed project is dependent on the State Emergency Services building the structure on the purchased land.

Sustainable Development Goals

Council aims to localise the Global Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between organisational functions. Council is unable to control activities within the Emergency Services function as it is dependent on the actions of external regulation and organisations. Despite this, Council actively supports activities and recognises that Emergency Services role in achieving Sustainable Cities and Communities and Partnerships for The Goals are concerns for the community.

08

Library, culture and social justice

Four library services

Arts and cultural programs and activities

Community wellbeing and social justice program and activities

Overview

The council provides services, activities and facilities that provide outlets for the creation and appreciation of art, culture, and social justice within the community. The Council continues to support and facilitate these activities as it recognises their positive impact on the community.

L1 Library Services

We will ensure the community has access to services, facilities and resources that are inclusive, high quality and contemporary in nature. Support social interaction and encourage lifelong learning. Facilitate and support engaging programs at Shire libraries.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.3.1 Provide innovative library services that support social interaction and encourage lifelong learning			

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
L1.1 Enable the continued provision of library services to residents of the Shire	L1.1.1 Increase in the number of in-person visits	Increase 1%	Cultural, Education and Library Services Manager
	L1.1.2 Number of all loaned materials	Increase 1%	
	L1.1.3 Increase in Library members	Increase 1%	
	L1.1.4 Number of Meeting Room bookings	52 bookings per year	
	L1.1.5 Number of people accessing Marramarra Makerspace Studio	250 per year

Total	164,190	983,214	(819,024)

Capital projects

Principal Activities	Capital Project	2024-24(\$)
Library Services	Book Vote <i>(partially grant funded)</i>	80,000
	Store Shelving <i>(partially grant funded)</i>	20,000
	Art/Culture/Sculpture Purchasing	5,000
Total Capital Expenditure		105,000

Proposed future works

There is no commitment from Council that proposed future works will be delivered as they are reliant on availability of internal funds and the provision of external funds.

Principal Activities	Township / Location	Proposed Future Works	Method of Identification
Arts and Culture	Shire	Public Art Program	2021 Community Engagement
		Develop a Cultural Spaces Activation Plan	Internal
	Parkes	Walkway with local sculptures at Bushmans Hill	2021 Community Engagement
	Bogan Gate	Tourism-related sculptures and murals	2021 Community Engagement
	Peak Hill	Indigenous art on telegraph poles	2021 Community Engagement
		Signage to acknowledge Wiradjuri persons and history at Peak Hill Weir	2021 Community Engagement
		Public Art Trail to Peak Hill Weir	2021 Community Engagement
		Mosaic Poppy to commemorate the fallen Diggers from Peak Hill and District at the AIF Hall	2021 Community Engagement
		Provide/support Indigenous education and tourism in partnership with Indigenous persons in Peak Hill	2021 Community Engagement

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between organisational functions. Within the Library, Culture and Wellbeing function Council's role is to control, influence and recognise the impact this function has on meeting the SDGs. Reduced Inequalities, Sustainable Cities and Communities and Partnerships for the Goals are the goals that Council recognise correlate with the activities, services and facilities provided within this function.

09

Open space and recreation

30 parks and gardens

15 Sportsgrounds

77 Open space facilities

6 cemeteries

4 swimming pools

Wetland restoration activities

Overview

The Council values the Shire's natural and built environments and effectively plans for a growing community. Council performs the planning, maintenance and development of open spaces and recreation areas across the Shire. By completing these activities, the natural environments within the Shire remain protected and preserved whilst also benefiting the community through the opportunity to utilise and enjoy public spaces.

To ensure the Shire's natural environment is effectively managed, open space and recreation is separated into 6 principal activities. The division of activities ensures, parks and gardens, sport fields, open space facilities, amenities and public toilets, cemeteries, swimming pools and wetlands are managed in accordance with regulatory standards and independent Council requirements.

OS1 Parks and Gardens

To ensure the Shire's natural environment remains protected and preserved the council will continue implementing appropriate planning and maintenance strategies. The Shire is maintained and upgraded to meet community needs.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.2.1 Provide vibrant and welcoming town centres, streetscapes, public spaces, and meeting places		3.1.3 Effectively manage our public lands, reserves and cemeteries 3.4.3 Ensure the optimisation of water consumption by promoting reuse opportunities and waste minimisation across the Parkes Shire	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
OS1.1 Maintain play spaces to meet the communities needs	OS1.1.1 Engage with the community regarding current and upcoming play space developments via various communication channels	Four engagements per year	Shire Presentation Coordinator
	OS1.1.2 Play equipment is inspected in accordance with regulatory standard and guidelines	Six inspections per year	
	OS1.1.3 Action a response to customer requests within 10-days	100% of requests are actioned within 10-days	
	OS1.1.4 Provide support to Council's Major Events and Visitor Economy team through the provision of pre-event and post-event logistical assistance through the management of Council assets	Support provided as needed	

OS2 Sports Fields

We will ensure sporting fields continue to be utilised across the Shire through suitable upgrading, maintenance and development of facilities.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.1.1 Provide sport, recreation and play space facilities that encourages participation and support healthy lifestyles		3.1.3 Effectively manage our public lands, reserves and cemeteries	

Outputs, measures and targets

Outputs to achieve this outcome		How we will measure our performance		Target	Responsible
OS2.1	Develop sporting facilities to meet community needs	OS2.1.1	Deliver projects for the sporting communities	Delivered by 30 June 2025	Shire Presentation Coordinator

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between organisational functions, principal activities and Sustainable Development Goals. Within the Open Space and Recreation function, Council both controls and influences the Sustainable Development Goals of Sustainable Cities and Communities and Life on Land.

10

Planning, certification and compliance

Development assessments

Local strategic land use planning

Ranger services and companion animals

Environmental health and food safety compliance

Facilitation of planning for affordable housing within the Shire

Overview

Parkes Shire Council values the natural and built environments and effectively plans for a growing community. The council performs activities regarding local strategic land use planning, development assessment, building certification, environmental health and ranger services and noxious weed management. By performing these activities, the Council best ensures the built and physical environment of the Shire correlates with the changing needs of the community. Council is responsible for monitoring and enforcing statutory requirements, to ensure the built environment continues to safely accommodate residents and visitors of the Shire.

P1 Local Strategic Land Use Planning

We will develop Strategic land use plans, enabling the Parkes Shire to meet growth and demand for housing, jobs, and services.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.2.2 Plan for more housing choice to support a diversifying community, with an emphasis on more compact housing and affordable housing		3.1.1 Preserve and maintain areas of high natural value along with heritage buildings, objects, and places of interest 3.2.2 Direct new housing growth to appropriate locations where demand is forecast	4.2.3 Develop and implement an asset management framework that ensures existing and future infrastructure is affordable, funded and maintained to ensure inter-generational equity

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
P1.1 Continue implementing land use projects in accordance with the LSPS	P1.1.1 Planning decisions and preparation of development controls continue to align with the Local Strategic Planning Statement (LSPS) 2020	Ongoing	Land Use Planning Specialist
	P1.1.2 Review existing strategic land use plans and polices in line with Council standards and statutory regulation	Conduct one review	

P2 Development Assessment

We will achieve quality land use outcomes and assist people to understand the development process.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.2.1: Manage our built environment in line with the Local Environmental Plan (LEP) and relevant legislation	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
P2.1 Provide timely, accurate and professional advice and development assessment in line with Local Environment Plan (LEP) and relevant legislation	P2.1.1 Development Applications (DA) are determined in a timely manner whilst maintaining quality land use outcomes	90% of DA determined within a 40-day processing time	Land Use Planning Specialist
P2.2 Promote and support heritage values within the Shire	P2.2.1 Work with the Grants Team to source funding through the NSW Heritage Office and Local Heritage Assistance Funding Program	Ongoing	Land Use Planning Specialist

P3 Building Certification

We will control and regulate the built environment to achieve compliant buildings.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.2.1: Manage our built environment in line with the Local Environmental Plan (LEP) and relevant legislation 3.2.3 Promote sustainable housing design, energy efficiency and water efficiency in new development	

Outputs, measures and targets

Outputs to achieve this outcome		How we will measure our performance		Target	Responsible
P3.1	Provide timely and accurate building certification	P3.1.1	Number of Complying Development Certificates approved within regulatory timeframe	Approved within 10-days or another timeframe as agreed with applicant	Manager Building Certification
		P3.2	Support Council's role and obligations under the Swimming Pools Act 1992	P3.2.1	
		P3.2.2	Number of residential swimming pool barrier requests actioned within 10-days	100% actioned within 10-days	
		P3.2.3	Number of compliant swimming pool barrier inspection certificates issued	Issued within three days	
		P3.2.4	Number of non-compliant Swimming Pool Barrier Inspection certificates issued	Issued within seven days	
		P3.2.5	Number of compulsory inspections carried out as per Council's Swimming Pool Inspection Program	100% of inspections carried out	

P4 Environmental Health and Ranger Services

We will support public health and environmental safety through education, inspection and enforcement of government rules and regulations.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.1.3 Deliver and support services, programs, and initiatives to promote community safety and reduce crime and anti-social behaviour		3.1.4 Ensure compliance with environmental regulations and controls	

Outputs, measures and targets

Outputs to achieve this outcome		How we will measure our performance		Target	Responsible
P4.1	Provide Food Safety and Public Health monitoring to the Shire	P4.1.1	Undertake annual inspections of registered businesses and report to the Food Authority	100% of registered premises inspected	Manager Regulation and Compliance
		P4.2	Provide Ranger Services to the Shire	P4.2.1	
		P4.2.2	Number of notices and orders issued	Declining	
		P4.2.3	Number of Companion Animal registrations	Ongoing	
		P4.2.4	Implementing and reviewing of the Companion Animals Plan	100% Advertising	

P5 Noxious Weed Management

We will utilise appropriate biosecurity controls within the Parkes Shire in accordance with regulatory obligations.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.1.2 Support healthy ecosystems and identify and manage threats to local flora and fauna	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
P5.1 Monitor the control of priority weeds on public and private land under the Biosecurity Act	P5.1.1 Private property inspections per month	12 inspections per month	Environmental and Sustainability Coordinator
	P5.1.2 Monitor and inspect Council owned and managed public land	30 land parcels inspected per year	
	P5.1.3 Monitor and inspect Council owned and managed roadsides	100% of roadsides inspected	
	P5.1.4 Percentage of known infestations inspected and actioned and/or controlled	100% inspected and actioned	
	P5.1.5 Action a response to customer requests within 10-days	100% of requests actioned within 10-days	
P5.2 Provide the Shire with educational opportunities and resources on Noxious weed management	P5.2.1 Provide educational material and engagement opportunities during private property inspections	90% of property owners provided with education	
	P5.2.2 Number of Shire shows, and local/regional field days attended	Four Shire shows and local/regional field days attended	
	P5.2.3 Engagement with the community through social and traditional media	Three media releases Three social media posts per year	

Financial projections for operational activities

Principal Activities	Operating Income (\$)	Operating Expenses (\$)	Operating Result before Capital Grants (\$)
Local Strategic Planning	0	0	0
Building Certification	342,934	382,352	(39,418)
Development Assessment	164,738	269,060	(104,322)
Environment Health and Ranger Services	38,732	1,307,935	(1,269,203)
Noxious Weed Management	58,907	414,146	(355,239)
Total	605,311	2,373,494	(1,768,183)

Capital projects

Council is not delivering any capital projects within the Planning, Certification and Compliance function in 2024-25.

Proposed future works

There is no commitment from Council that proposed future works will be delivered as they are reliant on availability of internal funds and the provision of external funds.

Principal Activities	Township / Location	Proposed Future Works	Method of Identification
Local Strategic Planning	Parkes	Middleton Masterplan – Infrastructure construction works	Middleton Masterplan community consultation

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between each organisational function, principal activity, and sustainable development goal. Within the Planning, Certification and Compliance function, Council recognises its ability to control and influence Sustainable Cities and Communities, Industry, Innovation, and Infrastructure and Life on Land. No Poverty is a concern of the Council, though the actions within this function cannot directly achieve the goal, we recognise that our actions can raise greater awareness of the issues.

11

Sewerage

Four sewerage systems
in Parkes, Peak Hill,
Trundle and Tullamore

Overview

Parkes is serviced by a network of gravity pipelines. A new Sewage Treatment Plant was built in 2017 at a cost of \$28M. The Plant is highly automated and energy efficient (energy consumption is further reduced by a 107kW solar array). It produces a high standard of effluent used for the Recycled Water Supply Scheme (discussed under the Water Supply function). It has a capacity of 15,000 equivalent persons (EP) and can be upgraded to 20,000 EP to accommodate population growth.

Peak Hill is also serviced by gravity pipelines. The Sewage Treatment Plant, built in the 1960s, was upgraded to address safety issues in 2000. Effluent from the plant is evaporated (not released from the site).

Trundle and Tullamore are serviced by a network of low pressure sewers constructed in 2010 and 2008 respectively. Both have simple Treatment Plants with no discharge to the environment.

S1 Sewerage System

We will utilise effective systems and frameworks to ensure our safe and sustainable sewerage systems are maintained.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.4.1 Provide essential water and sewer infrastructure to meet the needs of our growing community	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
S1.1 Safely collect wastewater from the community	S1.1.1 Percentage of trade waste agreement coverage	50%	Water Quality and Sustainability Specialist
	S1.1.2 Number of sewers chokes per 100km	20	Executive Manager Water Engineering
	S1.1.3 Action a response to customer requests within 10-days.	100% of requests actioned within 10-days	Infrastructure Operations Manager
	S1.1.4 Percentage of customer complaints responded to in accordance with standards	100%	
S1.2 Sustainably treat wastewater	S1.2.1 Number of EPA License breaches	Zero	Water Quality and Sustainability Specialist
	S1.2.2 Cost of treatment per KI inflow	Maintained	Infrastructure Operations Manager
	S1.2.3 To reduce breakdown maintenance work, scheduled planned preventative maintenance work	Zero	Executive Manager Water
S1.3 Responsibly manage waste by-products of treatment	S1.3.1 Percentage of effluent reused	100%	Infrastructure Operations Manager
	S1.3.2 Percentage of bio-solids diverted from landfill	100%	

SI Sewerage System (continued)

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
SI.4 Safely and sustainably treat and distribute recycled water	SI.4.1 Number of samples not complying with operational Recycled Water Management System	Zero	Water Quality and Sustainability Specialist
	SI.4.2 Number of Critical Control Point exceedances	One	Water Quality and Sustainability Specialist
	SI.4.3 Recycled water supplied as a percentage of total demand	90%	Infrastructure Operations Manager
	SI.4.4 Provide up to date stakeholder reporting	Achieve	Water Quality and Sustainability Specialist
	SI.4.5 Number of end user complaints	Zero	Water Quality and Sustainability Specialist
SI.5 Effectively capture and contain wastewater, whilst managing improvements in the system relating to wet weather and critical events	SI.5.1 Number of sewer system wet weather overflow events	Zero overflow for 20% annual exceedance probability events and smaller	Infrastructure Operations Manager
	SI.5.2 Increasing containment of sewer system wet weather overflow events	10% containment	Executive Manager Water Engineering

Financial projections for operational activities

Principal Activities	Operating Income (\$)	Operating Expenses (\$)	Operating Result before Capital Grants (\$)
Sewerage System	4,760,847	2,881,510	1,879,337
Total	4,760,847	2,881,510	1,879,337

Capital projects

Principal Activities	Capital Project	2024-25 (\$)
Sewerage System	RGDC PSC - Western Parkes sewer Augmentation <i>(partially grant funded)</i>	1,000,000
	RGDC - Gateway Sewer Pump Station and Rising Main <i>(partially grant funded)</i>	1,300,000
	PSC - Fisher Street Subdivision Sewer Extension <i>(development)</i>	200,000
	PSC - Manhole Relining and Repairs	130,000
	PSSC - Manhole Lid Replacement and Surround Renewals	60,000
	PSC - Main Extensions and Relining / Cracking	350,000
	PSC - Sewer Network Risk Management	100,000
	PSC - Others (telemetry, meters, dams)	30,000
Total Capital Expenditure		3,170,000

Proposed future works

There is currently no proposed future works identified within the Sewerage function in 2024-25.

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between each organisational function, principal activity, and sustainable development goal. Within the Sewerage Function Council has the ability to control Clean Water and Sanitation.

12

Transport and drainage

800km of sealed and
1300km of unsealed roads

215 bridges

47km of footpaths and
cycleways

65km of kerb
and gutter

45km of urban stormwater
drainage pipes

One airport
Three landing strips

315 rural drainage
culverts

Overview

Council is a key facilitator in projects and programs that ensure the transport and drainage of the Shire is appropriate for residents and visitors.

Grants or Council finances provide funding for roads within the Shire. Council receives several ongoing grants to help fund the Shire's road network generally and for specific regional roads. Beyond its road network, Council completes work under the Road Maintenance Council Contract on national and state highways with Transport for NSW. Parkes, Forbes and Lachlan Shire have shared resources to develop and implement suitable Road Safety Campaigns to maximise road safety. Council also manages alternative transport, continually expanding and maintaining transport options such as footpaths and cycleways.

Continued collaboration with Regional Express enables the Parkes Regional Airport to continue as a gateway to the region.

Council conducts numerous activities to ensure the infrastructure and management for Urban stormwater is sufficient during times of unexpected and high rainfall.

T1 Sealed Roads

We will maintain and expand the Shire's sealed road network with safety and efficiency in mind through the planning and construction of the roads.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	2.3.1 Ensure local and regional roads are safe, well-constructed and maintained		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T1.1 Ensure effective maintenance of Council's sealed Road Network through the Roads and Maintenance Program	T1.1.1 Maintain compliance of sealed roads in line with Council's Condition Assessment Inspection Schedule and Strategic Asset Management Plan	100% compliance	Executive Manager Operations
	T1.1.2 Length of table drains to be cleared per kilometre, per annum	20km per annum	
	T1.1.3 Action a response to Customer Requests within 10-days regarding sealed roads	100% of requests actioned within 10-days	
T1.2 Ensure effective upgrade and renewals of Council's sealed Road Network through the Capital Works Program	T1.2.1 Length of sealed road reseals per kilometre, per annum	20km per annum	Executive Manager Operations
	T1.2.2 Length of pavement rehabilitation per kilometre per annum	3.5 km per annum	

T2 Unsealed Roads

We will provide the community with access to safe and effective roads through the appropriate planning, construction, and maintenance of the unsealed road network.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	2.3.1 Ensure local and regional roads are safe, well-constructed and maintained		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T2.1 Ensure effective maintenance of Council's unsealed Road Network through the Roads and Maintenance Program	T2.1.1 Maintain compliance of unsealed roads in line with Council's Condition Assessment Inspection Schedule and Strategic Asset Management Plan	100% compliance	Executive Manager Operations
	T2.1.2 Action a response to Customer Requests within 10-days regarding unsealed roads	100% of requests actioned within 10-days	
T2.2 Ensure effective upgrade and renewals of Council's unsealed Road Network through the Capital Works Program	T2.2.1 Length of road re-sheeted	20 km per annum	Executive Manager Operations
	T2.2.2 Length of table drains to be cleared per kilometre per annum	20 km per annum	
	T2.2.3 Grant funded upgrade and renewal projects are completed before funding deadlines	100%	

T3 Regional Roads

We will ensure our regional roads are well maintained and developed through the utilisation of appropriate construction, maintenance, and planning processes.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	2.3.1 Ensure local and regional roads are safe, well-constructed and maintained		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T3.1 Ensure effective maintenance of regional roads through the Roads Maintenance Program	T3.1.1 Action a response to customer requests within 10-days regarding regional roads	100% of requests actioned within 10-days	Executive Manager Operations
T3.2 Ensure effective upgrade and renewals of regional roads through the Capital Works Program	T3.2.1 Length of sealed road reseals per kilometre, per annum	7.5 km per annum	Executive Manager Operations
	T3.2.2 Length of pavement rehabilitation per kilometre, per annum	1.5km per annum	
	T3.2.3 Length of unsealed roads re-sheeted per kilometre per annum	2km per annum	
	T3.2.4 Deliver upgrades to the Bogan Way (North and South)	Delivered by 30 May 2025	
	T3.2.5 Deliver upgrades to Regional Roads in line with Block Grant funding	Delivered by 30 June 2025	

T4 Other Transport and Overheads

We will develop and maintain alternative transport options to suit the needs of the Shire.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.2.3 Strengthen active transport routes, including cycleways, footpaths and walking tracks, to improve linkages between areas of high activity and new residential growth			

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T4.1 Other Transport Maintenance Program	T4.1.1 Action a response to customer requests within 10-days	100% of requests actioned within 10-days	Executive Manager Operations
T4.2 Ensure Gravel Pits are responsibly managed and utilised	T4.2.1 Ensure compliance with relevant legislation relating to the operations of gravel and pits with no breaches recorded	Zero breaches	Executive Manager Operations
	T4.2.2 Responsibly manage contractors to ensure legislative compliance is utilized to ensure no breaches are recorded	Zero breaches	
T4.3 Ensure all Council roadsides are managed in accordance with Council's Roadside Vegetation Management Plan	T4.3.1 Council's Roadside Vegetation Management Plan is consulted for all roadworks and is kept up-to-date and accessible.	Achieved	Environmental and Sustainability Coordinator

T5 Urban Stormwater

We will effectively manage stormwater across the Shire through effective planning and development strategies.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.2.4 Augment our existing stormwater management systems with measures to reduce the impact of intense rainfall events	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T5.1 Conduct maintenance activities to ensure stormwater is effectively managed within the Shire	T5.1.1 Action a response to customer requests within 10-days	100% of requests actioned within 10-days	Executive Manager Operations
T5.2 Undertake capital works to ensure the stormwater management system continued to meet the needs of the community	T5.2.1 Deliver Parkes CBD Flood Mitigation Works project	Delivered by 30 June 2025	Executive Manager Water Engineering

T6 Regional Airport

We will ensure the Parkes Regional Airport can continue serving as a gateway to the Shire by aligning development and maintenance strategies with regulatory guidelines and community needs.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	2.3.3 Encourage growth of Parkes Regional Airport by maintaining our relationship with Regional Express		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T6.1 Ensure effective maintenance and operation of the Parkes Regional Airport	T6.1.1 Compliance with Civil Aviation Safety Authority surveillance activities	100% compliance	Manager Facilities
	T6.1.2 Maintain Parkes Regional Airport Certification	100% compliance	

T7 Road Council Contract

We will maintain our partnership with Transport NSW, enabling the ongoing development and maintenance of state and national highways within the Shire.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
	2.3.1 Ensure local and regional roads are safe, well-constructed and maintained		

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T7.1 Ensure development and maintenance of State and National Highways within the Shire	T7.1.1 Compliance with the Road Maintenance Council Contract	100% compliance	Executive Manager Operations
	T7.1.2 Obtain a Contractor Performance Report (CPR)	Achieve 80% with CPR	

T8 Road Safety

We will continue developing appropriate road safety programs in partnership with Transport for NSW to align with the road safety plan.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
1.1.3 Deliver and support services, programs, and initiatives to promote community safety and reduce crime and anti-social behaviour			4.1.1 Effectively collaborate, engage, and communicate with our community to inform decision making and promote services, projects and initiatives

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
T8.1 Implement annual Road Safety Plan	T8.1.1 Deliver the 'NOT A STATISTIC! Youth Driver Education Program' as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Delivered in August 2024	Road Safety and Injury Prevention Officer
	T8.1.2 Deliver the 'Free Cuppa for the Driver Scheme' project as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Delivered between March and May 2025	
	T8.1.3 Deliver 'Helping Learner Drivers Become Safer Drivers' workshops as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Two rounds delivered	
	T8.1.4 Deliver the 'I'm Counting on You' project as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Delivered during 2024-25	
	T8.1.5 Deliver the 'Plan B' project as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Delivered in December 2024	
	T8.1.6 Deliver the 'Heavy Vehicle Safety' project as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Delivered during 2024-25	
	T8.1.7 Deliver the 'Observation Surveys' project as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Delivered before October 2024 and April 2025	
	T8.1.8 Deliver the National Road Safety Week project as part of the Parkes, Forbes and Lachlan Shire Councils' Road Safety Action Plan 2024-25	Deliver during May 2025	

Financial projections for operational activities

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between organisational functions, principal activities and Sustainable Development Goals. Within the Transport and Drainage Function, Council primary role is to control Industry, innovation and Infrastructure and Partnerships for the Goals whilst it influences Good Health and Well-being.

13

Water supply

3 Water supply schemes

Overview

The Parkes-Peak Hill scheme draws from a combination of surface water from the Lachlan River, 15km east of Forbes and the Lake Endeavour and Beargamil dams as well as groundwater from bores located on the Escort Way associated with the Lachlan River through to the Parkes Water Treatment Plant. It is then treated at the Parkes Water Treatment Plant before being supplied to consumers at Parkes, Peak Hill, Alectown, Cookamidgera and Trewilga. The scheme also supplies raw water to Northparkes Mine. A major project for the next Delivery Program involves increasing the security of supply – largely to cater for increased demand associated with the Special Activation Precinct – by constructing additional bores and a new pipeline from the river and bore supplies at the Lachlan River through to the Parkes Water Treatment Plant.

The Forbes Tottenham scheme supplies towns on the western side of the Shire. This is also known as the B section of pipeline. Water is purchased from Forbes Shire Council, who draws it from the Lachlan River and treats it (for its own supply as well) before it is piped to the towns of Bogan Gate, Gunningbland, Trundle, and Tullamore. Parkes Shire Council then sells it to Lachlan Shire Council to supply Tottenham.

The Recycled Water Scheme draws treated effluent from the Parkes Recycled Water Plant and supplies it to a number of parks and sportsgrounds around Parkes, as well as commercial users. It is an important means of reducing the demand on potable water resources. A major project for the next Delivery Program involves connecting a number of third-party users to the scheme. This could include a number of low risk, high water use business and not-for-profit organisations to provide a lower cost non-potable water option.

WS1 Water Supply

We will provide appropriate maintenance, development, infrastructure and ongoing operational activities that align with community needs, regulatory guidelines and long-term sustainability concerns.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		<p>3.4.1 Provide essential water and sewer infrastructure to meet the needs of our growing community</p> <p>3.4.2 Ensure effective collection and safe treatment of wastewater, balancing the production of sustainable recycled water with return to the environment</p> <p>3.4.3 Ensure the optimisation of water consumption by promoting reuse opportunities and waste minimisation across the Parkes Shire</p>	

Outputs, measures and targets

Outputs to achieve this outcome		How we will measure our performance		Target	Responsible
WSI.1	Water sources effectively are managed to meet the Shire's needs	WSI.1.1	Audits of critical infrastructure	Ten audits	Executive Manager Water Engineering
		WSI.1.2	Water is effectively sourced from bore, river, dam and supernatant supplies	Achieved	Infrastructure Operations Manager
WSI.2	Ensure the integrity and performance of our water supply network	WSI.2.1	Maintain Council's Water Conservation and Drought Management Program	Maintained	Executive Manager Water Engineering
		WSI.2.2	Volume of non-revenue water	Declining	
WSI.3	Ensure the Drinking Water Quality Management System is effectively utilised	WSI.3.1	Number of Critical Control Point exceedances	Zero	Infrastructure Operations Manager
		WSI.3.2	Number of non-compliant samples	Declining	
WSI.4	Efficiently operate the water supply system	WSI.4.1	Cost of production per KL	Maintain	Infrastructure Operations Manager
WSI.5	Provide the Shire with sufficient water supplies through effective water distribution	WSI.5.1	Number of water quality complaints	Declining	Infrastructure Operations Manager
		WSI.5.2	Number of unplanned supply interruptions	Maintain	
WSI.6	Recycled Water is safe for municipal irrigation	WSI.6.1	Number of samples not complying with Australian Drinking Water Guide ("ADWG")	Zero	Infrastructure Operations Manager
		WSI.6.2	Action a response to customer requests within 10-days	100%	

WS2 Water Security Project

We will ensure the Water Security Project has been appropriately designed, constructed, and commissioned for the needs of the community.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.4.1 Provide essential water and sewer infrastructure to meet the needs of our growing community 3.4.2 Ensure effective collection and safe treatment of wastewater, balancing the production of sustainable recycled water with return to the environment 3.4.3 Ensure the optimisation of water consumption by promoting reuse opportunities and waste minimisation across the Parkes Shire

	BBRF - Water security project (BRFIPV000106) (<i>partially grant funded</i>)	7,758,169
Total Capital Expenditure		14,877,089

Proposed future works

There is no commitment from Council that proposed future works will be delivered as they are reliant on availability of internal funds and the provision of external funds.

Principal Activities	Township / Location	Proposed Future Works	Method of Identification
Water Supply	Shire	Water pressure improvements	2021 Community Engagement
		Standpipe capacity improvements	2021 Community Engagement

Sustainable Development Goals

Council aims to localise the Sustainable Development Goals and address issues that are prevalent both within the Shire and across the world. The scope of influence that Council holds varies between organisational functions, principal activities, and Sustainable Development Goals. Within the Water Supply Function, Council's primary role in achieving the SDGs is to control Clean Water and Sanitation, whilst influences Climate Action.

Waste management

Domestic waste management

Commercial waste and recycling facilities

Waste education and sustainability

Overview

As the traditional means of landfilling increases in cost, Parkes Shire Council has adapted to prioritise recycling and resource recovery. Council complies with all regulatory requirements, when transitioning to newer methods of waste management. An example of this compliance is ensuring domestic waste management activities are 'self-funded', complying with the NSW Local Government Act (section 504).

To ensure Council activities are efficiently run, Council maintains a contract with JR Richards to service the collection of residential and commercial waste at eligible properties across the Shire, operating a three-bin collection service. For additional waste that cannot be collected with JR Richards, Council operates 8 waste depots within the Shire.

Council collaborates with various organisations to enhance waste outcomes within the Shire. Collaboration continues with NetWaste, enabling cooperative projects to improve planning and delivery of waste management services across the region. While Visy Australia processes recyclable materials collected within the shire, ensuring items are correctly categorised and sold to reprocessing companies.

W1 Domestic Waste Management

We will provide effective domestic waste collection, minimise waste to landfill and promote widespread adoption of recycling and waste reduction.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.3.1 Provide waste services, minimise waste to landfill and promote the widespread adoption of recycling and waste reduction	

Outputs, measures and targets

Outputs to achieve this outcome		How we will measure our performance		Target	Responsible
W1.1	Provide effective domestic waste collection services to deliver positive public health, environmental and economic outcomes for the community	W1.1.1	Action a response to customer requests within 10-days	100% of customer requests actioned within 10-days	Environmental Waste Lead
		W1.1.2	Review the Parkes Waste Strategy, including the effective management of the 3-bin service contract	Reviewed completed	
		W1.1.3	Liaise with the NSW Environment Protection Authority ("NSW EPA") and Regional Growth Development Corporation ("RGDC") to investigate new technologies waste management	Active involvement in investigation of new technologies	
		W1.1.4	Conduct annual audits on general recycling and green bins	Minimum of one audit per year	
		W1.1.5	Reporting all illegally dumped waste to RIDonline	Each quarter upload CRM data to RID	
W1.2	Council provides facilities for residents to dispose of waste where public health, environmental and economic outcomes are considered	W1.2.1	Percentage of waste diverted from landfill utilising resource recovery at transfer station and waste management facilities	3% increase	Environmental Waste Lead
		W1.2.2	Continued operation and maintenance of waste facilities across the Parkes Shire	Maintain and review rural tip operations	
		W1.2.3	Deliver the Bogan Gate and Tullamore tip cell project	Delivered by 30 June 2025	

W2 Commercial Waste

We will develop processes to ensure commercial properties have the access to a disposal service and the opportunity to participate with waste diversion strategies.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
		3.3.1 Provide waste services, minimise waste to landfill and promote the widespread adoption of recycling and waste reduction	

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
W2.1 Provide effective landfill management to deliver positive public health, environmental and economic outcomes for the community	W2.1.1 Increase the percentage of commercial waste diverted from landfill	2% increase	Environmental Waste Lead
	W2.1.2 Continued provision of a commercial waste collection service in Parkes	Service maintained	
	W2.1.3 Action a response to customer requests within 10-days	100% of customer requests actioned within 10-days	
W2.2 Ensure commercial waste collection services are maintained and manage the current and emerging impacts of external change	W2.2.1 Maintain contracts for external services for the recycling and diversion from landfill	5 to 8, external services contracts per annum	Environmental Waste Lead
	W2.2.2 Maintain the number of educational opportunities provided to both residential and business customers	2 educational opportunities per annum	
W2.3 Ensure recycling services are maintained and manage the current and emerging impacts of external change	W2.3.1 Council representatives participate in educational programs	Participation in one program	Environmental Waste Lead

W3 Waste Education

We will provide appropriate educational opportunities to the community, advocate for residents to improve their knowledge of waste management.

How this function links to the Community Strategic Plan

Community	Economy	Environment	Civic leadership
3.3.2 Promote recycling, reusing and waste reduction			

Outputs, measures and targets

Outputs to achieve this outcome	How we will measure our performance	Target	Responsible
W3.1 Provide educational opportunities for residents and businesses across the Shire to aid their understanding of waste management practices within the Shire	W3.1.1 Attend NetWaste Forums to promote waste education	4 NetWaste forums attended per annum	Environmental Waste Lead
W3.2 Strengthen waste management practices through Council's engagement with external education opportunities	W3.2.1 Implement a suggested strategy, program, process, or activity from a NetWaste forum	One education program implemented	Environmental Waste Lead

Financial projections for operational activities

Principal Activities	Operating Income (\$)	Operating Expenses (\$)	Operating Result before Capital Grants (\$)

2024-25 Budget

- Executive summary
- Our draft Income Statement
- Our Capital Plan

Executive summary

Parkes Shire Council's annual Budget forms part of the 2024-25 Operational Plan, along with the Revenue Policy and Schedule of Fees and Charges.

In 2024-25, Council is expected to generate \$60.53 million in operational revenue, receive \$27.4 million in capital grants and contributions, invest \$54.95 million into capital works and return an operating surplus of \$0.28 million from continuing operations.

Table 1: Total Revenue (excluding capital grants and contributions)

General Fund	\$43,165,328
Water Fund	\$12,598,876
Sewer Fund	\$4,760,847
Consolidated Fund	\$60,525,051

Table 2: Total Expenses (excluding capital expenditure)

General Fund	\$44,088,313
Water Fund	\$11,757,036
Sewer Fund	\$4,403,895
Consolidated Fund	\$60,249,243

Table 3: Net Operating Result (before grants and contributions provided for capital purposes)

General Fund	(\$922,985)
Water Fund	\$841,840
Sewer Fund	\$356,952
Consolidated Fund	\$275,807

In 2024-25, Council will invest \$54.95 million into capital works. See capital plan items at each function above.

16

Statement of Revenue Policy

- Estimated Income and Expenditure 2024-2025
- Ordinary Rates

Section 405 of the *Local Government Act 1993* ("the Act") requires Parkes Shire Council to adopt a Statement of Revenue Policy ("Revenue Policy") each year as part of its Integrated Planning and Reporting ("IP&R") framework.

The Revenue Policy forms part of Council's Operational Plan and provides information regarding the levying of Council's rates, its fees and charges, and other major income sources.

Under the *Integrated Planning and Reporting Guidelines* prescribed under section 23A of the Act, Council's Revenue Policy must include the following statements:

- a statement containing a detailed estimate of the council's income and expenditure
- a statement with respect to each ordinary rate and each special rate proposed to be levied
- a statement with respect to each charge proposed to be levied
- a statement of the types of fees proposed to be charged by the council and, if the fee concerned is a fee to which Division 3 of Part 10 of Chapter 15 of the Act applies, the amount of each such fee
- a statement of the council's proposed pricing methodology for determining the prices of goods and the approved fees under Division 2 of Part 10 of Chapter 15 of the Act for services provided by it, being an avoidable costs pricing methodology determined by Council
- a statement of the amounts of any proposed borrowings (other than internal borrowing), the sources from which they are proposed to be borrowed and the means by which they are proposed to be secured.

Estimated Income and Expenditure 2024-25

Pursuant to section 491 of the Act, Council may obtain income from rates, charges, fees, grants, borrowings, and investments.

Rates and charges provide Council with a major source of revenue, which is used to meet the costs of providing services to residents and businesses of the Parkes Shire local government area.

Council's Operational Plan is structured around 11 core functions. *Table 9*, below, lists Council's estimated 2024-2025 income and expenditure according to each core function.

Function	Operational Revenue	Operational Expenses	Operating Result before Capital Grants
Commercial Enterprise	5,419,674.00	2,823,620	2,596,054
Council and Corporate	23,095,387.00	7,577,369	15,518,018
Economy and Engagement	1,502,774.00	3,663,380	(2,160,606)
Emergency Services	129,500.00	763,266	(633,766)
Library, Arts and Culture	164,190.00	983,214	(819,024)
Open Space and Recreation	269,797.00	3,754,639	(3,484,842)
Planning, Certification and Compliance	605,311.00	2,373,494	(1,768,183)
Sewerage	4,760,847.00	2,881,510	1,879,337
Transport and Drainage	8,155,645.00	6,514,101	1,641,544
Water Supply	12,598,876.00	7,125,769	5,473,107
Waste Management	3,823,050.00	3,436,561	386,489
Depreciation	-	18,352,320	(18,352,320)
All Functions	60,525,051.00	60,249,244	275,807

Ordinary Rates

Section 494 of the Act requires Council to make and levy ordinary rates on all rateable lands, based on independent valuations provided by Property NSW on behalf of the NSW Valuer General.

Each year, the NSW Independent Pricing and Regulatory Tribunal (IPART) determines the allowable annual increase in general income for councils, known as the rate peg. The rate peg is based on the change in the Local Government Cost Index (LGCI) and consideration of a population factor

Rating categories

In accordance with sections 493 and 514 of the Act, all parcels of rateable land within Council's local government area have been declared to be within one of the following categories:

- Farmland
- Residential
- Business
- Mining

Before making an ordinary rate, Council may determine a subcategory or sub-categories for one or more categories of rateable land in its area.

A sub-category may be determined for the category:

- **Farmland** according to the intensity of the land use, the ability to irrigate the land, or economic factors affecting the land
- **Residential** according to whether the land is rural residential land or is within a centre of population
- **Mining** according to the kind of mining involved
- **Business** according to a centre of activity.

The 2024–25 budget is based on total 2023–24 General Income from ordinary and special rates being increased by 4.5%. This is the maximum increase as announced by IPART.

An estimated gross ordinary rate income in excess of \$16.48 million is to be raised in 2024-25.

The breakdown of estimated ordinary rate income and number of properties per category is as follows:

Ordinary Rates	Gross rate yield 2024–25 (\$)
Residential	6,986,453
Farmland	4,569,813
Business	3,284,984
Mining	1,648,521
Total	16,489,771

Council has further sub-categorised land in accordance with Section 529 of the Local Government Act 1993 to distribute the rate burden more equitably within the Shire.

The ordinary rate is an 'Ad Valorem Rate' being an amount in the dollar that is levied on land values provided under the Valuation of Land Acts by the Valuer General's Department in respect to each parcel of rateable land. Each such parcel is subject to a minimum amount. The State Valuation Department undertook a General Valuation during 2022–23 with a base date of 1 July 2022 and will be applied for rating purposes from 1 July 2023. Council is now on a 3-year valuation cycle with the next general valuation to be undertaken at the end of 2025. This revaluation will affect the 2026–27 rating year.

Charge Type	Description	Minimum Amount	Cents in Dollar (Ad Valorem)	Dollars	Estimated Income 2024/25

Council Funded Pension Rebates

In addition to the \$250.00 pensioner rate jointly funded by Council (45%) and the State Government (55%) in respect of general rates and domestic waste charges, Council will pay an additional rebate of \$105.00 per eligible property from 1 July 2024 for the 2024–25 rating year. This voluntary rebate will be paid pursuant to Section 582 of the Local Government Act, 1993.

The additional rebate is available for an eligible property. Where multiple eligible pensioners jointly own a property, the voluntary rebate will be shared equally and will not exceed a total of \$105.00 for each property. Eligible pensioners will only qualify for Council's voluntary rebate if they pay all the rates and charges by 31 May of that year.

If an eligible pensioner's rates and charges are not paid in full by 31 May of a particular year, the pensioner will no longer qualify for any future voluntary rebates until all outstanding payments have been made. Council has discretion to continue the rebate to only eligible pensioners that received the rebate in 2016–17.

The cost of providing this voluntary pension rebate in 2024–25 is anticipated to be \$80,604.

Additionally, where the pensioner leaves the property due to ill health or incapacitation, the rebate may still apply. However, this is on the condition that the occupation of the property remains unchanged from when the pensioner left the property, i.e. no additional person occupies the property after the eligible pensioner ceases occupation, and the eligible pensioner resides in a care facility within the Shire.

Waste Management Services Charges

Parkes Shire Council is required by legislation to levy annual charges for the provision of waste management services. These charges relate to the services provided for both domestic and non-domestic waste management.

Domestic Waste Management Services Charge ("DWMS")

Section 496 of the Local Government Act 1993 (Act) requires Parkes Council to make and levy an annual charge for the recovery of costs for providing domestic waste management services. The full year DWMS charges for 2024–25 rating year is \$510.00.

The full domestic waste management (garbage) service charge is payable for each unit/flat/house (including multiples) whether each service is used each week. With exception to Aged Care Facilities who have been given the opportunity to be charged at a ratio of two units per service.

Exception for vacant land which will be charged \$96.00.

Non-Domestic Waste Management Service Charge ("NDWMS")

Section 501(l) permits Council to make and levy an annual charge for the provision of waste management services (other than domestic waste management services). The full year NDWMS charges for 2024–25 rating year is \$512.00 (includes recyclables but not organics).

The full annual waste management (garbage) service charge is payable for each shop/business whether either service is used each week. Exception for vacant land which will be charged \$107.00.

Subsidiary Services

In addition to the standard DWMS & NDWMS*, residents can request extra organic and/or recycling and/or general waste bins as subsidiary services to be collected on the same day as the scheduled service for that premises. The proposed charges for these services are as follows:

Services	Proposed 2024-25 Charges (\$)
Organic Bin	118.00
Recycling Bin	118.00
General Waste Services	118.00

*NDWMS customers based in Parkes CBD and Business Industrial can elect to have additional services on a daily basis or preferred day.

Stormwater Management Service Charge

The proposed Stormwater Management Service Charge (SMSC) for 2023–24 will continue to assist with the cost of addressing the drainage problems in urban areas of the Shire and fund stormwater related works and services programs.

The proposed 2023–24 SMSC for residential properties is \$25.00 per eligible property, except residential strata units where an annual charge of \$12.50 is applicable.

These charges are unchanged from those levied in 2023–24. Charges do not apply to vacant land or land categorized as farmland, as well as land exempt from rates in terms of Sections 555 or 556 of the Act.

In respect to land categorized as business, the proposed 2024–25 SMSC for non-strata properties will be as follows:

- \$25.00 for lots with an area below 1,200m²
- \$100.00 for lots with an area \geq 1,200m² and $<$ 5,000m²
- \$375.00 for lots with an area \geq 5,000m²

Rates Assistance Provisions

We have considered the Office of Local Government's Debt Management and Hardship Guidelines and have ensured there are a range of options available to manage ratepayer debt and respond to genuine hardship. Further details are available as per Council's Debt Recovery and Hardship Policies.

Water Access Charges

In accordance with Section 501 of the Local Government Act, an access charge is applied to land that is situated within 225 metres of a Council water pipe, even if it is not actually supplied. In accordance with Best Practice Pricing for water and sewer business in general compliance with the guidelines set out by the Department of Water and Energy. This pricing is a prerequisite for eligibility for financial assistance towards the capital costs of backlog works under the Country Towns Water Supply and Sewer Program.

The water access charge for water services are to be charged at the proportional to the 'square' of the meter size to reflect the potential load that can be placed on the water supply network.

Council water access charges have also been relatively low by industry standards and by comparison with similarly sized Council's across the region. Increases in operating costs from the new water treatment plant and recycled water system, along with increased depreciation expenses are all attributable to the pricing increase.

Water Residential – Multiples

Multi-residential properties (e.g. a building with multiple access, flats, semi-detached), will be charged the full applicable access charge per residence.

The proposed charges for 2024-25 relating to the meter size are:

Category	Charge	Fee(\$)
Residential	Standard Charge	304.50
Non-Residential	20mm	304.50
	25mm	472.50
	32mm	787.50
	40mm	1,228.5
	50mm	1,921.50
	80mm	4,898.30
	100mm	7,659.80
	Unmetered – Strata Title Units	304.50
	Unmetered – CBD	1,055.30
	Unmetered – Non-Rateable	304.50

Sewer Access Charges

In accordance with Best Practice Pricing for water and sewer business in general compliance with the guidelines set out by the Department of Water and Energy. This pricing is a prerequisite for eligibility for financial assistance towards the capital costs of backlog works under the Country Towns Water Supply and Sewer Program.

Under this system an access charge is applied to land that is situated within 75 metres of a Council sewer main, even if it is not actually supplied.

Category	Charge	Fee(\$)
Residential	Standard Charge	775.00
Non-Residential	20mm**	436.00
	25mm**	684.00
	32mm	1,113.00
	40mm	1,749.00
	50mm	2,729.00
	80mm	6,982.00
	100mm	10,909.00
	Unmetered – Strata Title Units	775.00
	Unmetered – CBD	1,077.00
	Unmetered Non-Rateable	775.00

**Where AC20 = Sewer Access charge for 20mm meter and D = Diameter of customer's water meter. "Best Practice Guidelines" state that the usage charge for non-residential customers should not be less than the residential charge.

**Note: A minimum charge of \$775.00 will apply, as Council is required under the Best Practice Guidelines to have a minimum non-residential sewer charge at least equal to the residential charge.

Sewer Residential

In accordance with these guidelines, a uniform bill has been developed for residential customers based on an access for a 20mm water meter, an average residential water consumption, a discharge factor (proportion of water discharged into the sewer) and a user charge (cost to transport and treat the water).

Based on this assumption, the proposed sewer access charge for residential customers will be \$775.00 and will be applied to all residential properties including vacant land.

Sewer Residential – Multiples

Multi-residential properties (e.g. a building with multiple access, flats, semi-detached), have been charged the full applicable access charge per residence.

Sewer Non-Residential

The sewer service charge for non-residential is calculated similarly to the residential charge but is charged on the actual water consumption, size of the water service and a factor based on the volume of waste water discharged into the system by the property and therefore will vary between customers.

B	=	SDF x (AC + C x UC)
B	=	Annual non-residential sewerage bill
SDF	=	Identified sewerage discharge factor as prescribed or calculated)
C	=	Customer's annual water consumption (kL)
UC	=	Sewerage Usage Charge AC = AC20 x D/400

Sewer Non-Residential – Main Street Unmetered Premises

In conjunction with the ongoing CBD beautification, Council is installing water meters as works are carried out and other property owners will continue to be encouraged to install water meters to facilitate best practice pricing. If a water meter is installed, the premises will move to the standard non-residential sewer charge.

Sewer – Churches

As a community service obligation (CSO), it is proposed not to apply the access charge component of the residential charges and apply the usage charge only, with a minimum charge equivalent to half the residential charge 2024-25 \$387.50.

Sewer – Schools/Institutions

The sewer service charge for schools and institutions will be calculated using the non-residential formula.

However, rather than a standard discharge factor being applied, each facility has been assessed to determine the volume of wastewater discharged into the system by the property.

Sewer – Trundle/Tullamore

A Sewerage Charge for Trundle and Tullamore will be levied in accordance with Section 501 of the Local Government Act, 1993.

Residential charges for 2024-25 will be in alignment with Best Practice with the exception that vacant residential properties that have access to sewer services (within 75 metres of the Council sewer main), will bear an access charge of only \$436.00 not the full access charge of \$775.00.

Liquid Trade Waste Service Fee – Non-Residential

Council has three categories of charges for liquid trade waste as follows:

Table 15: Categories of Charges for Liquid Trade Waste

Category	Particulars
Category 1 Discharges requiring nil or minimal pre-treatment	This category includes retail food outlets with no hot food or no food that generates an oily/greasy waste, and other processes such as hairdressers, jewellery shops, and florists and funeral parlours.
Category 2 Discharges requiring prescribed pre-treatment	This category includes premises that prepares and/or serves hot foods or that generates an oily/greasy waste, and includes car detailers, laboratories, mechanical workshops, car dealerships, dry cleaners, hospitals etc. Non-compliant Category 2 businesses are charged the rates applicable to Category 3 businesses as shown below.
Category 3 Large discharges (over 20kl/day) and industrial waste	For large liquid trade waste dischargers (over about 20kL/day) and dischargers of industrial waste. Excess mass charges (EMC) apply for all waste exceeding the concentration of pollutants in domestic sewerage. (BOD = 300mg/L, SS = 300mg/L, Ammonia = 35mg/L, Nitrogen = 50mg/L, Phosphorus = 10mg/L, Total Dissolved Solids = 1,000mg/L). Council currently has no Category 3 Businesses.

The proposed charges for 2024-25 are as follows:

Table 16: Proposed charges for Liquid Trade Waste

Category	Charge	Fee (\$)
1	Liquid Trade Waste Services Charge	\$303.00
2	Liquid Trade Waste Services Charge	\$303.00
3	Liquid Trade Waste Services Charge	\$1,071.00

User Pay Charges

Council proposes to charge for the following services on an annual basis:

- Water Usage Charges
- Sewerage Usage Charges Non-Residential
- Trade Waste Usage Charges

Water Usage Charges

Under the Best Practice Water Pricing, Council applies a user pay system with separate water billing from rate instalment notices. Effective from 1 July 2023, Council transitioned from a two-step tariff charge to a flat usage charge for all residential and raw water usage.

Commercial Water charge shall only apply to those properties that are levied a business category within Council's rating structure. To also be eligible, the property owner within the business category must not receive any other type of rating concession in that year e.g., mixed development etc.

Property owners will receive a separate water account for consumption, four times per year based on the following proposed rates:

Table 17: Water Usage Charges

Annual Consumption	\$ Rate per kL
Residential Rate (all consumption) – per kl	2.10
Business Rate (all consumption)	2.10
Commercial Water Charges	\$ Rate per kL
All Consumption per kL	2.10
Trundle School – Raw Water per kL	1.60
Raw Water – Rising Main from Dam	\$ Rate per kL
Raw Water (all consumption) – per kl	1.60

Sewer Usage Charges – Non-Residential

In accordance with the guidelines, each non-residential property has been assessed and a factor determined for the amount of wastewater discharged into the sewerage system. This factor is then applied to the water consumption of the property to establish an actual volume in kL, which is then multiplied by the usage charge. The usage charge reflects the cost to transport and treat the sewerage.

It is proposed that the 2024-25 usage charge be set at \$2.40 per kL discharged and will be billed in conjunction to the water usage accounts.

Liquid Trade Waste Services Charge – Non-Residential

The liquid trade waste usage charge is calculated by applying an additional discharge factor (identified as being the portion of liquid trade waste discharged into the sewer) by a specified fee per kL.

The proposed usage charge for 2024-25 is \$2.90 per kL for Category 1 and 2 businesses and \$21.20 per kL for Category 3 businesses. These charges will be billed along with the water usage account.

Category 1 and 2 non-compliant businesses will be charged at the Category 3 usage rate.

Fee for Replacement Village Landfill key/fob	Fee to cover the cost of service	Y	\$110.00
Replacement Bin for kerbside collection where lost or stolen	Fee to cover the cost of service	Y	\$110.00

Noxious Weeds

Fee name	Fee description	GST	2024-25 Fee
Private Work, Spraying Charges			
Per Hour	Outstanding Notices Work not carried out for weed control	Y	\$90.00
Min 1/2 Hour	Outstanding Notices Work not carried out for weed control	Y	\$65.00

3. Garbage and Depot Tipping Charges

Domestic/Residential/Commercial/Industrial

Waste Type Description	Fee Description	GST		Mobile Garbage Bin 240 Litre (half rate charged for half load – min charge half load)	Car boot up to 0.5m3 (half rate charged for half load)	Single axle trailer/ute to level – up to 1m3 (half rate charged for half load)	Bogie axle trailer/ute to level – up to 1.5m3 (half rate can be charged for half load)	Skip bin up to 3m3 (note: acceptable waste skip by volume not weight at Peak Hill Only)	Trucks & skip bins per tonne (note: skip bin quantities of waste not accepted at Peak Hill)	Per item	
Aggregate, road base or ballast – Material such as rock and/or gravel. Example: road base, railway ballast, processed sandstone asphalt Excluding: crushed concrete	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50		
Aluminium (non-ferrous) Example: Aluminium frames, aluminium cans	Fee to cover the cost of service	Y	Sorted waste – not contaminated /mixed	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge	
Standard Asbestos Charge (Includes both Friable, Non-Friable & Asbestos Contaminated Soil)	Fee to cover the cost of service	Y	Sorted waste – not contaminated /mixed						To be weighed	\$391.50 per tonne	
										Minimum 48hrs notice/booking prior to bringing waste. All the asbestos accepted at this facility must be double wrapped. The waste must be transported as per the NSW EPA guidelines.	\$287.00 per tonne
Fire Damaged House containing Asbestos – Mixed demolition waste containing asbestos produced by single fire damaged house (up to Maximum of 80m3 after which amount normal asbestos waste rates apply) where due to nature of demolition required asbestos cannot be removed prior to demolition. Disposal and transport regulation under Protection of Environment Operations Act must be adhered to in transport and delivery to facility	Fee to cover the cost of service	Y	Fees per individual house								\$6,300.00
Ashes – Example: Ash from any incinerator or fly ash or bottom ash	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50		
Batteries – Example: Batteries separated from electronic devices & vehicle batteries	Fee to cover the cost of service	Y	Sorted waste – not contaminated/ mixed	No charge – limited to household quantity	No charge – limited to household quantity	No charge – limited to household quantity	No charge – limited to household quantity	No charge – limited to household quantity	No charge – limited to household quantity	No charge – limited to household quantity	

Waste Type Description	Fee Description	GST		Mobile Garbage Bin 240 Litre (half rate charged for half load – min charge half load)	Car boot up to 0.5m3 (half rate charged for half load)	Single axle trailer/ute to level – up to 1m3 (half rate charged for half load)	Bogie axle trailer/ute to level – up to 1.5m3 (half rate can be charged for half load)	Skip bin up to 3m3 (note: acceptable waste skip by volume not weight at Peak Hill Only)	Trucks & skip bins per tonne (note: skip bin quantities of waste not accepted at Peak Hill)	Per item
Bricks Mortar or concrete – E.g.: bricks with mortar, concrete containing steel reinforcing Excluding: Fibre cement	Fee to cover the cost of service	Y	Sorted waste – not contaminated/ mixed	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Sludge cake or manures – Bio-solids: the organic product that results from sewage treatment processes (sometimes referred to as sewage sludge). Manure: any mixture of manure & biodegradable animal bedding (such as straw)	Fee to cover the cost of service	Y	Sorted waste – not contaminated / mixed	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Ceramics, tiles, pottery – E.g.: terracotta roof tiles, pottery, porcelain products. Excluding: Bricks & concrete	Fee to cover the cost of service	Y	Sorted waste – not contaminated/ mixed	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Chemicals – Residential quantities of household/ garden chemicals only accepted at advertised annual Household Chemical Cleanout days	Fee to cover the cost of service	Y	Sorted waste – not contaminated / mixed	No charge. Only Household quantities on the day of Household Chemical Cleanout. For CRC, only limited/household quantities accepted.						
Commingled recyclables – Recyclable wastes such as plastic, glass and paper that have been collected for recycling	Fee to cover the cost of service	Y	Sorted waste – not contaminated / mixed	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge
Composts or mulches – Organic material that has been composted, chipped, or shredded	Fee to cover the cost of service	Y	Sorted waste – not contaminated / mixed with non-recyclable materials	\$3.00	\$8.00	\$15.50	\$33.50	\$45.50	\$57.50	

Waste Type Description	Fee Description	GST		Mobile Garbage Bin 240 Litre (half rate charged for half load – min charge half load)	Car boot up to 0.5m3 (half rate charged for half load)	Single axle trailer/ute to level – up to 1m3 (half rate charged for half load)	Bogie axle trailer/ute to level – up to 1.5m3 (half rate can be charged for half load)	Skip bin up to 3m3 (note: acceptable waste skip by volume not weight at Peak Hill Only)	Trucks & skip bins per tonne (note: skip bin quantities of waste not accepted at Peak Hill)	Per item
Contaminated soil – Soil that is contaminated and not suitable for reuse. Must be classified as General Solid Waste under EPAA Waste Regulation) Excluding: soil contaminated with asbestos	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Dredging spoil – Spoil from dredging activities. Dredging is defined as the excavation of natural material to provide and/or increase the dimensions of a waterway, or ensure that existing channels, berths or harbour works area maintained at their design specifications	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
E-waste – Electrical goods, Televisions, Computers, Toaster, Radio, iPod, Gameboys, stereos, speakers, VCR, DVD players, small electrical, Power tools	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge
Ferrous (iron or steel) – E.g.: steel cans, scrap steel, car bodies, steel reinforcing Excluding: gas bottles	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge
Food or kitchen – Food waste from manufacture, preparation, sale or consumption of food Excluding: agricultural waste	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$3.00	\$8.00	\$15.50	\$33.50	\$45.50	\$57.50	
Glass – Non recyclable glass E.g.: glass in the following form – windows, bottles, plate glass, glass fines Excluding: Perspex, fluorescent tubes, light bulbs	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$3.00	\$12.00	\$15.50	\$33.50	\$45.50	\$57.50	

Waste Type Description	Fee Description	GST		Mobile Garbage Bin 240 Litre (half rate charged for half load – min charge half load)	Car boot up to 0.5m3 (half rate charged for half load)	Single axle trailer/ute to level – up to 1m3 (half rate charged for half load)	Bogie axle trailer/ute to level – up to 1.5m3 (half rate can be charged for half load)	Skip bin up to 3m3 (note: acceptable waste skip by volume not weight at Peak Hill Only)	Trucks & skip bins per tonne (note: skip bin quantities of waste not accepted at Peak Hill)	Per item
Mattresses – Large (Double, Queen, King)	Fee to cover the cost	Y	Separate or as part of mixed load							\$36.00
Mattresses – Small (Single)	Fee to cover the cost	Y	Separate or as part of mixed load							\$18.00
Mixed waste – Mixed waste is any waste that contains more than one of the material composition types (MCC's). Example: general waste of mixed type, general waste that will be deposited to landfill, building rubble, and green waste mixed with other waste, composite products such as light bulbs, plastic coated timber. Waste, mixed waste from commercial or industrial activities. Excluding: Co-mingled recyclables	Fee to cover the cost of service	Y	Unsorted waste – contamination with other waste types/mixed	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Non-ferrous (metals, not iron steel or aluminium) – Example: lead, copper, brass. Excluding: aluminium, steel	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge	
Oil – Example: vegetable oils, cooking oil	Fee to cover the cost of service	Y	Sorted waste – oils mixed with other wastes will not be accepted.							\$1/L
Oil – engine oils gear oils	Fee to cover the cost of service	Y	Sorted waste – oils mixed with other wastes will not be accepted.	No Charge	No Charge	No Charge	No Charge	No Charge	No Charge	
Paper or cardboard – Commercial quantities of Paper and Corboard	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	

Waste Type Description	Fee Description	GST		Mobile Garbage Bin 240 Litre (half rate charged for half load – min charge half load)	Car boot up to 0.5m3 (half rate charged for half load)	Single axle trailer/ute to level – up to 1m3 (half rate charged for half load)	Bogie axle trailer/ute to level – up to 1.5m3 (half rate can be charged for half load)	Skip bin up to 3m3 (note: acceptable waste skip by volume not weight at Peak Hill Only)	Trucks & skip bins per tonne (note: skip bin quantities of waste not accepted at Peak Hill)	Per item
Plasterboard – Gypsum based construction sheeting Excluding: fibre cement, MDF, Masonite, villa board, chipboard, asbestos	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Pharmacy or clinical – Clinical and related waste as defined under the <i>Protection of the Environment Operations Act 1997</i>	Fee to cover the cost of service	Y		Not accepted	Not accepted	Not accepted	Not accepted	Not accepted	Not accepted	Not accepted
Plastic – Non-recyclable – E.g.: Perspex, PVC piping, Astroturf, polystyrene, plastic weed matt, pool liners, polypropylene, extruded plastic, plastic crates	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Problem waste – Paint (dry – wet not accepted), Chemicals, Fluorescent tubes; compact fluorescent lamps (CFLs), Household Chemicals, Gas Bottles, Oil filters	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed	No charge. Limited to Household quantities only, NSW EPA Community Recycling Centre						
Residues or rejects Residues from industrial or manufacturing processes. – E.g.: wool wash, drilling mud, pond waste, slag, filter cake, fibre cement, cell scale. Excluding: fly ash or bottom ash (Note: "Ash" has a separate material composition code)	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	
Shredder floc	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50	

Waste Type Description	Fee Description	GST		Mobile Garbage Bin 240 Litre (half rate charged for half load – min charge half load)	Car boot up to 0.5m3 (half rate charged for half load)	Single axle trailer/ute to level – up to 1m3 (half rate charged for half load)	Bogie axle trailer/ute to level – up to 1.5m3 (half rate can be charged for half load)	Skip bin up to 3m3 (note: acceptable waste skip by volume not weight at Peak Hill Only)	Trucks & skip bins per tonne (note: skip bin quantities of waste not accepted at Peak Hill)	Per item	
Soil (not contaminated and not Virgin Excavated Material) – E.g.: Clean clay, sand, topsoil. Note certification may be required to demonstrate material not contaminated. Excluding: contaminated soil	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed			No charge		\$10.50 per tonne for commercial quantity			
Textiles, rags – Synthetic or natural woven material. Examples: rags, fiberglass insulation, carpet and underlay	Fee to cover the cost of service	Y	Separate or as part of mixed load	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50		
Tyres – Examples: whole, shredded, or de-walled tyres – Off rim – not accepted as part of mixed load must be separated	Fee to cover the cost of service	Y	Fee to cover cost of service	Additional charge \$5.50 where type on rim per tyre						Price on application	
									Car tyre – each	\$11.50	
									Light truck tyre – each	\$18.00	
									Heavy truck tyre – each	\$26.50	
									Tractor tyre small – each	\$80.00	
									Tractor tyre large – each	\$150.00	
									Tyre earthmoving – each	\$138.00	
					Tyre Large earthmoving – each	\$318.00					
			Other rubber products – Sorted waste – not contaminated / mixed	\$5.00	\$12.00	\$20.00	\$46.00	\$61.50	\$77.50		
Vegetation or garden – soft vegetation/ garden waste. E.g.: grass clippings, small pruning's, seaweed, leaves, non woody weeds, non woody agricultural waste Excluding: food, compost, mulches, wood, sawdust, timber, trees and tree stumps.	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed	\$3.00	\$8.00	\$15.50	\$33.50	\$45.50	\$57.50		

Waste Type Description	Fee Description	GST		Mobile Garbage Bin 240 Litre (half rate charged for half load – min charge half load)	Car boot up to 0.5m3 (half rate charged for half load)	Single axle trailer/ute to level – up to 1m3 (half rate charged for half load)	Bogie axle trailer/ute to level – up to 1.5m3 (half rate can be charged for half load)	Skip bin up to 3m3 (note: acceptable waste skip by volume not weight at Peak Hill Only)	Trucks & skip bins per tonne (note: skip bin quantities of waste not accepted at Peak Hill)	Per item
Clean fill & Virgin excavated natural material – not mixed with any other waste (clay, gravel, sand, soil and rock) and that (a) has been excavated from areas that are not contaminated, as the result of industrial, commercial, mining or agricultural activities, with manufactured chemicals and does not contain sulphuric ores or soils, or (b) consists of excavated natural materials that meet such criteria as may be approved by the EPA. Where mixed or contaminated with other waste types will be charged at mixed waste rate.	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed	No charge	No charge	No charge	No charge	No charge	No charge	
Veterinary waste – Dead animals and animal parts and any mixture of dead animals and animal parts	Fee to cover the cost of service	Y	Small animal							\$27.00
			Large animal							\$40.00
			Dog/Cat							
Wood, trees or timber – Examples: trees or tree stumps. Raw, treated or painted timber, sawdust, wooden crates, wooden packaging, wooden pallets, wood shavings, MDF, chipboard, particle board, Masonite. Excluding: plastic coated timbers	Fee to cover the cost of service	Y	Sorted waste – not contaminated/mixed	\$3.00	\$8.00	\$15.50	\$33.50	\$45.50	\$57.50	

4. Operations and Infrastructure Fees and Charges

Subdivision Works Certificate Application for Subdivision Plan Assessment Fee

Fee name	Fee description	GST	2024-25 Fee
Per lot created	Charge to cover the Construction Certificate Application process	Y	\$95.00

Civil Engineering Inspections relating to subdivision and Roads Act Approvals

Fee name	Fee description	GST	2024-25 Fee
Subdivision up to 5 lots created – per lot			
Water	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$70.00
Sewer	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$130.00
Roads	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$180.00
Kerb and Gutter	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$130.00
Footpath	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$130.00
Rural Access	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$130.00
Stormwater	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$130.00
Subdivision 6 lots created or more – per lot			
Fee	Fee to cover the cost of scheduled inspections, issuing of certificate satisfying requirements for consent	Y	\$750.00

Development Assessment - Application for Works in the Road Reserve - Section 138 of the Roads Act 1993

Fee name	Fee description	GST	2024-25 Fee
Late fee - where work has commenced prior to permit being obtained - application and inspection fees will also need to be paid	Charge to cover the administrative costs	Y	\$938.50
Application charge - per application dwellings, dual occupancy and minor developments	Charge to cover the administrative costs	Y	\$312.50
Application charge - per application industrial, commercial unit and other major developments	Charge to cover the administrative costs	Y	\$312.50
Inspection charge - per additional inspection	Charge to cover the administrative costs	Y	\$62.50
Inspection charge - per application dwellings, dual occupancy and minor developments	Charge to cover the administrative costs	Y	\$125.00

Fee name	Fee description	GST	2024-25 Fee
Inspection charge - per application industrial, commercial unit and other major developments	Charge to cover the administrative costs	Y	\$187.50
Driveway design - subject to engineering staff capacity/availability	Charge to cover the administrative costs	Y	\$275.00
Traffic Guidance Scheme - subject to engineering staff capacity/availability	Charge to cover the administrative costs	Y	\$275.00

Section 54 Certificate – Public Lands Register Enquiry

Fee name	Fee description	GST	2024-25 Fee
Per Section 54 Certificate – Public Lands Register Enquiry	Charge to cover the administrative costs	Y	\$55.00

Water Utility Advice

Fee name	Fee description	GST	2024-25 Fee
For development associated with commercial and industrial building Annual Certification per building	Fee to cover the cost of providing an Annual Certification for essential service	Y	\$250.00

Development Specifications

Fee name	Fee description	GST	2024-25 Fee
Parkes Shire Council Aus-Spec # 1 Design	Purchase a controlled copy of Councils Aus-Spec document	Y	\$450.00
Parkes Shire Council Aus-Spec # 1 Construction	Purchase a controlled copy of Councils Aus-Spec document	Y	\$650.00
Set	Purchase a controlled copy of Councils Aus-Spec document	Y	\$900.00
Annual Update Fee	Costs to provide Aus-Spec updates, un-controlled, no update	Y	\$100.00
Cost per Specific section	Costs to provide Aus-Spec updates, un-controlled, no update	Y	\$95.00

Parks and Gardens

Fee name	Fee description	GST	2024-25 Fee
History through trees Bushman's Hill cost of tree plaque and perpetual maintenance	Fee to cover the cost of works	Y	\$350.00
Woodchip Sales per m3	Fee to cover the cost of works	Y	\$65.00
Street trees	Fee to cover the cost of works	Y	\$300.00
Advanced 35L Pots	Fee to cover the cost of works	Y	\$250.00
Semi-advanced 25L Pots	Fee to cover the cost of works	Y	\$150.00

Swimming Pool – Parkes

Fee name	Fee description	GST	2024-25 Fee
Admissions			
Adults 18 years +	Charges applied to users of the swimming pool facility	Y	\$4.80
